

ELEMENTARY SCHOOLS

WELCOME HOME

Success Starts Here!

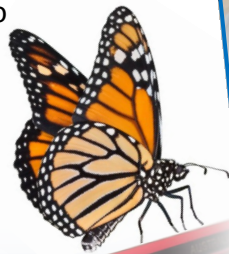

Once you enter the doors of our **Elementary Schools** you will discover that we offer high-quality programming and engaging learning experiences that can connect students to their dreams.

Columbus City Schools offers elementary school students great opportunities to explore their interests through a variety of programs, such as: science technology, engineering and math (STEM); arts focus; informal learning; and traditional options. All elementary schools offer free full-day kindergarten, and many offer Latchkey, pre-kindergarten and special needs preschool programs.

Columbus City Schools offer international studies, language immersion, gifted and talented services, English as a Second Language, and highly-trained personnel and specialized facilities for students with special needs.

Columbus City Schools aims to nurture each student in a safe and technologically-advanced learning environment. We offer a complement of free breakfast and nutritional lunch programs to enhance the wellness of every student. Students are also offered fitness activities that promote teamwork and sportsmanship.

Columbus City Schools' elementary school students also have opportunities to work with adult mentors like Reading Buddies and other trained volunteers who strive to enhance student learning and encourage creativity. Our schools feature state-of-the-art technology in classrooms, media centers, and outdoor learning spaces.

Learn. Dream. Succeed.
