

Special Diets for Columbus City School District Students

To accommodate students with special dietary needs due to a medical condition, the parent needs to:

- Contact the school nurse.
- Provide the school district with a completed Special Diet Order Form.
- The healthcare provider completes the order form describing the student's special dietary needs.
- Give the diet order form to the school nurse.

After the completed diet order is received, the district dietitian is sent a copy of it to write an individualized school menu for the student, as needed.

Federal regulations require National School Lunch Program schools to make menu substitutions on a case-by-case basis to the standard meal requirements for students who are considered disabled and whose disability restricts their diet.

Vegetarian options are available in all schools.

School Menu Restrictions Currently in Place:

Pre-K and Elementary Schools grades K-6 and Buildings with Grades K-8

- Nut products, seafood and pork are not offered

Middle Schools, and Buildings with Grades 6-12 or 7-12

- Seafood or pork are not offered

- **NOTE:** If a student has a **severe nut allergy** and they CANNOT eat food items that are manufactured using shared equipment or in the same facility that processes nuts – **PLEASE NOTE** - CCS purchases foods from manufacturers that may share equipment, and may use the same facilities that process nuts!
