

Lung Cancer Screening

Low Dose CT Lung Screening Event

No cost to you*

November 5, 2025 | 9:00am - 3:00pm

LifeCare Alliance Cancer Services

1699 W. Mound St, Columbus, OH 43223

Low dose cancer screening is designed to provide an option for people considered to be at high risk for developing lung cancer. This test takes five minutes - there are no needles or contrast dye. This is a completely non-invasive screening.

Who is eligible?

- Between 50-80 years of age
- 20 pack-year (this means 1 pack a day for 20 years or 2 packs a day for 10 years)
- Current smokers or those who have quit within the last 15 years

Why is Lung Cancer Screening Important?

- Almost **90%** of all lung cancer patients die when the disease is not detected early
- **80%** of all lung cancer deaths are linked to smoking
- Smoking is the number one risk factor for lung cancer

Those interested in receiving a lung cancer screening must complete a pre-screening by phone to ensure they qualify.

Call by October 24, 2025 to get scheduled: 614.263.5006.

*If you have medical insurance, your insurance information will be collected. If you do not have medical insurance OR have a copay associated with your screening, you will not be required to pay. LifeCare Alliance and OSU will pay for any uncovered expenses.
