CENTRAL OHIO PRIMARY CARE

COPC has Moderna and Pfizer COVID-19 vaccines available for established COPC patients and those who received COVID vaccines from COPC earlier in the year. Appointments are required and are available according to FDA and CDC guidelines.

955 COUNTY LINE RD., WEST IN WESTERVILLE

APPOINTMENT REQUIRED [CLICK HERE TO SCHEDULE](#)

Some COPC sites now have the vaccine available in the office. If our centralized vaccine clinic in Westerville doesn't work for you, call your provider's office about their availability.

In addition to the above, Local pharmacies, grocery stores, and your medical provider are also an option. [Click here to find additional vaccination options in your community that may be more convenient for you.](#)
