

Dear Lindbergh Families

We hope you're well! We wanted to reach out and share the CCS school counselors & social workers site of resources and supports during the school closure. There is information on a variety of topics, such as talking with children about COVID-19, activities to encourage wellness & learning, and community resources.

Please contact us or other school staff with questions, or for support! We look forward to staying connected and continuing to work together during this time.

Take care,

Wendy Brunner, MSW, LSW
