

West Side Church Learning Extension Centers (LECs)

In partnership with Columbus City Schools, multiple churches on the west side will be hosting a Learning Extension Center to support students in the community with virtual learning. We're providing a place to help foster student community, encouragement, a place to work on some of synchronous day, and provide encouragement through caring Christian mentors. **Free to area families!**

Sessions are generally a 3 hour session, 3 days a week, but varies by location.

Area churches include: Community Christian Church (with Young Life), Faith Community Church, Hillcrest Baptist Church (with the Dream Center), Lower Lights Church and Ministries, Memorial Baptist Church, Valleyview New Life Church, Westgate UMC (with Westside Free Store)

Space is limited. COVID precautions as recommended by the CDC will be followed. The Center will be staffed by trained and screened volunteers. Use a QR code scanner to link to sign-up form and one of these churches will follow-up with availability. Space is limited so you may be placed on a waiting list.
