Introduction

The Children Services Communications Division is proud to make available the Franklin County Children Services Resource Guide. This guide serves as only one of many avenues that the agency has implemented to demonstrate our commitment to protecting children by strengthening families.

The well-being of our children and the support of their families are the most important measures of a community's quality of life. It is our hope that this Resource Guide serves as a convenient tool for accessing vital information, services, and programs that will help benefit children and families throughout the community.

About Franklin County Children Services

Children Services is the public agency mandated by federal and state laws to protect children from abuse and neglect. By being in partnership with more than 100 agencies and organizations, and with the help of over 700 employees, 500 kinship caregivers, 200 adoptive families and 500 volunteers and mentors and hundreds of community foster parents, the agency is committed to making sure that every child has a safe and stable home.

Each year, Franklin County Children Services helps more than 30,000 children and their families through prevention, protection, placement and permanency programs. The agency protects and cares for children in cooperation with parents whenever possible, by providing services to alleviate the problems that led the family to the attention of Children Services. These services include:

- In-home counseling and community social and mental health services
- Day treatment
- Therapeutic arts
- Youth Transition Services
- Volunteer services
- Placement of children in temporary foster homes through partner agencies
- Kinship placement and support
- Other supportive services that enable the parents or caregivers to maintain or resume their role of raising their children

When parents are still unable to care for their children, Children Services petitions the court for permanent custody and places children in adoptive homes.

Franklin County Children Services is governed by a volunteer board that establishes policy for the agency. The Executive Director is responsible for agency operations. Children Services is regulated by statutory mandates of the state and federal governments and regulations of the Ohio Department of Job and Family Services. The agency is a member of the Child Welfare League of America (CWLA) and is accredited by the Council on Accreditation of Services for Families and Children (COA). Franklin County Children Services is one of only a few public county children services boards in Ohio and the nation to be accredited. This accreditation means that Children Services meets rigorous national standards regarding quality of services and sound management practices.

The Citizens Advisory Committee is comprised of volunteers representing diverse backgrounds within our community. All members are reviewed by application and then appointed by the Children Services Board. They are a caring group devoted to giving children additional opportunities that are not a part of the traditional foster care or placement experience.

RESOURCE GUIDE

Franklin County Children Services has compiled information and resources that will be helpful to families and caregivers during the coronavirus pandemic. This page will continue to be updated as new information becomes available.

Preventing Child Abuse and Neglect During COVID-19

Parents and Caregivers

If you are feeling stressed or isolated, stay in contact with friends and family members. Feeling connected to others will help reduce stress, anxiety and frustration. Keep yourself and your children occupied during quarantine. Visit columbuslibrary.org for a host of educational and entertainment resources available online. Take the family outside on a regular basis for exercise and fresh air.

- Stay informed about what is happening, but manage your news intake and avoid outlets that promote fear or anxiety.
- If you feel that you or your children are in danger:
 - o Call Franklin County Children Services' 24-hour Child Abuse Hotline at (614) 229-7000.
 - o Call the National Association of Domestic Violence hotline, 1-800-799-SAFE or CHOICES for Victims of Domestic Violence at 614-224-HOME (4663)
 - o Call 911 in cases of emergency or immediate threats

For the Community

- Pay attention to [signs of abuse and neglect](#)
- Report suspected cases of child abuse and neglect by calling the **24-hour Child Abuse Hotline at (614) 229-7000**
- Download [Preventing Child Abuse and Neglect During COVID-19](#) and share this flyer.

Parents and Caregivers: Plan in Case of Illness

During the uncertainty of the coronavirus (COVID-19) pandemic, parents and caregivers need to be prepared in case they become ill. Create a crisis plan for caring for your children in advance. Designate a caregiver for children. This should be someone nearby, who is not at high risk of contracting COVID-19. If a spouse or partner cannot care for children in your home, select a friend, neighbor, coworker or relative. List information for the caregiver prominently in your home, so that it can easily be found by emergency responders. [Click here for an example](#). Create a child care profile for the caregiver that lists your child's full name, birth date, allergies, medications, likes/dislikes and sleep habits. Also include emergency contacts and copies of their birth certificate and immunization records. If you can't identify anyone, contact community resources such as hospitals, churches and other organizations to see if they can recommend assistance.

The Ohio Department of Job and Family Services is licensing [temporary pandemic child care programs](#) for essential workers. Prepare your home in case of illness. Make sure that high-traffic areas within your home remain clean by using germ-killing cleaning agents. If you test positive for COVID-19, you may remain in the home with your children and their caregivers, providing they are not at high risk of contracting the virus, but precautions must be taken. The [Centers for Disease Control and Prevention](#) have outlined steps to take if you or someone else in your household tests positive for COVID-19.

Kinship Care

Kinship care is when a relative or non-relative has taken over the full-time care, nurturing and protection of a child. It should be noted that the definition for kinship caregivers goes beyond the scope of blood relatives, and may include an adult who has a familiar relationship/bond with the child and/or family.

Kinship care represents the most desired out-of-home placement option for children who cannot live with their parents on a temporary basis or permanently. Children placed with their relatives are better able to maintain their sense of belonging and identity with their family's culture, history and traditions.

Kinship care includes those relationships established through an informal arrangement, a legal custody or guardianship order, a relative foster care placement, or a kinship adoption. **Call FCCS Kinship Care at (614) 341-6161.**

Kinship Caregiver Interested in Foster Parenting

If you are a kinship caregiver you may be eligible to become a foster parent. If interested in beginning the process to become a foster parent, please visit foster care information website at <https://fosterandadopt.jfs.ohio.gov/wps/portal/gov/ofc/foster-care/becoming-a-foster-parent>.

The Kinship Support Program is available to eligible kinship caregivers to provide temporary financial support for placement of children under agency custody into kinship caregiver's home. There is no application to complete to be part of this program.
