Apex Learning®

The Virtual Credit Advancement Program offers two versions of Apex Courses for school-based students:

Credit Advancement courses also known as *Orginal Credit (OC)* in Apex are courses that students can take for the first time online through Apex coursework.

Credit Recovery courses are courses available to students who have failed a course in a traditional class and need to make up the credit. Students can take Credit Advancement and Credit Recovery courses during the school day or after school depending on their home school schedules.

ELIGIBILITY:

- Must be a CCS student.
- Students who have failed a class (or semester).
- Students who want to take a class for the first time.

ENROLLMENT:

- Students may take up to two classes (semesters) at a time. When a student completes a course, they can be assigned additional courses.

APEX SIGN-UP FORM

Use the QR code or the link below to signup for APEX. Check with your counselor for classes you need to makeup.

APEX After School Google Classroom Code: <mark>3obocf2</mark>

Eastmoor VCAP LAB Test Unlock request
(this is only monitored during lab hours. Outside of lab hours, use the After Hours Test Unlocker link.

DISTRICT EVENING UNLOCKERS
After Hours Test Unlocker Request
The evening unlockers will be working **Monday-Thursday from 3:00-7:00 pm**, You will need to fill out the Google Form with all requested information. Their test will be unlocked within 15 minutes. This will allow you to work on days you don't have an after-school lab or after your lab hours end.
YOU'RE ENROLLED, NOW WHAT?
Getting Started:
Login to **http://www.apexvs.com/** or login to clever.com and select APEX from the icons

• *Username*: Student ID number
• *Password*: Columbus2021 (you will be prompted to change your password once you login for the first time)
• Click on the Course Name.
• Click on the Unit 1 to begin.
• You have to complete the assignments in order. (Assignments will be locked until you complete the previous assignment)

- *If you fail a quiz 3 times*, **your progress will be blocked. Contact your teacher if this happens.**

- **When you have completed a unit and are ready to take the test, fill out the correct google form.**

- **You need a minimum 60% in order to pass the course (This is the % grade listed on your progress report.** *THIS IS NOT the same as your "Grade to Date")*

- **Credit recovery, students are assigned to the PRESCRIPTIVE courses. Prescriptive courses are courses that you have previously taken but did not earn a credit. Some prescriptive courses have a Pre-test that allows you to test out of previously learned material. DO NOT rush through these test. The better you do on the pre-test, the less work you have to do in the unit .** *Please note, however, not all courses in APEX have a prescriptive option.*

- **You should spend at least 1 hour per day working on this course**

- **All unit work needs to be completed in order to have tests/quizzes unlocked. Do not request to have a test opened if you have not completed the prior assignments.**

*Make sure to remind your parent/guardian to sign off in Infinite Campus so the grade can be added to your transcript once you have finished the class.

WHAT TO DO WHEN YOU HAVE FINISHED A COURSE

Let your Lab teacher or Ms. Caruthers and your Teacher of Record know that you believe that you have finished a course. If you have met the requirements, they will post the grade for you.
