2111 - PARENT AND FAMILY ENGAGEMENT

The Columbus City Schools Board of Education recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the District policy, as well as the Parent and Family Engagement policy for each school in the District.

In cultivating partnerships with families and communities, Fort Hayes is committed to the following:

A. Relationships with Families

1. Cultivate a school environment that is welcoming, supportive, and student-centered;
2. Provide professional development for Fort Hayes staff that helps build partnerships between our families and school;
3. Provide family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;
4. Provide coordination, technical assistance and other support to assist us in planning and implementing family involvement activities. ³

6. Provide families with timely and meaningful information regarding Ohio's academic standards, State and local assessments, and pertinent legal provisions;
7. Prepare opportunities for families to be involved in meaningful discussions and meetings with school staff.

C. Volunteer Opportunities

1. Provide volunteer opportunities for families to support their children's school activities;
2. Support other needs to enable families to participate in school-sponsored family involvement events.

D. Learning at Home
