Bus Routing Information Moving to Parent Portal

Beginning this school year (2024-2025), the District's transportation department will no longer mail bus route information to families' homes.

- **Transportation eligible families will now receive their child's bus routing information through the Parent Portal.**
- You can access your child's bus information by clicking on the Transportation tab within the Parent Portal.
- Students enrolled in the District by August 12, 2024, will receive their updated transportation information after August 15, 2024.
- Students who enroll after August 12 may experience a delay in their routing for the first day of school.

Check the Parent Portal regularly for updates to bus stop times and locations!

For timely updates, make sure your contact information is up to date.
