

# Get Connected

## YOUR FAMILY MAY BE ELIGIBLE FOR FREE HOME INTERNET FOR THE REST OF 2021

Our community has worked to get Columbus residents and learners online, but we can do more. So in 2021, our team of community partners will test ways to make in-home internet access more affordable and reliable for everyone in our community.

### Free in home internet

50 megabit per second  
(Mbps) download / 25  
Mbps upload

### For distance learning,

including K-12, GED  
completion, professional  
development, or college  
coursework

### Piloted in two Columbus Neighborhoods

King Lincoln-Bronzeville  
and the Southside

Check out the eligibility  
map on the flip side and  
give us a call with any  
questions.

Complete our online form: <https://cbuswifi.com/>

For this test, we're looking for volunteers who live in the King-Lincoln Bronzeville neighborhood between Main St. and I-670, and between I-171 and Taylor Ave./Franklin Park West, who are willing to test an in-home internet service through the end of 2021.

Volunteers who qualify will receive free in-home internet service for 2021 and a \$50 gift card upon completing an installation.
