Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

4/24/2020

Dear West Broad families,

As you know by now, school will no longer take place in the building. We have transitioned to a completely virtual learning environment for the remainder of the school year.

Remember school is mandatory for all school aged children. Please help us make sure every student here at West Broad is receiving their mandatory virtual education.

My goal in reaching out to you is to let you know that we understand how difficult it has been to transition from our school building to a virtual learning platform. We are partners with you, to help you obtain all you need to continue the school year and end strong.

I know that the teachers at West Broad have reached out to you multiple times to give your student assignments, encouragement and support. I have seen the progress of some of our students and it is amazing how well you have pushed your child(ren) to do their virtual learning assignment.

Now, I need your help parents, guardians and caregivers. As I stated above, school is mandatory—it is the law. Your child is required to attend classes online and complete assignments. Please make sure your child is completing his/her work. They are being graded and the work **is not** optional.

Teachers are doing their part by communicating with families daily about assignments and possible barriers to online learning. Please respond to the teachers, when they reach out to you. We cannot do this work without you. Again, I would like to stress the importance of our partnership with families. We need you!

During this time of uncertainty, I would like to assure you that we have your child's education in mind and will continue to provide the needed assistance for your child to be highly educated, prepared for leadership and empowered for success.

I appreciate the love and support from each of the families have given to West Broad, especially during this difficult time. Thank you in advance for your continued support and understanding during this time of transition. If you have any questions, please reach out to me via email at: cifill6997@columbus.k12.oh.us.

Yours in education,

Christina Ifill,
Principal
