The Free Application for Federal Student Aid (FAFSA) is an application created and collected by the U.S. Department of Education that collects demographic and financial information from students and their parents to gauge a family's financial strength and is later used to determine eligibility for financial aid.

To efficiently and successfully submit a FAFSA, students and their parents need the following documents:

Student

- ☐ Social Security Number
- ☐ Alien Registration Number (non U.S. citizens)
- ☐ Driver's license number
- ☐ Records of additional money earned
- ☐ Current bank statements

NOTE: You may be able to have your tax information imported automatically from the IRS via the Data Retrieval Tool (DRT) into your FAFSA, which can make the process faster and easier. When you are filling out the FAFSA, use your FAS ID to get your information from the IRDS website to transfer your tax information. This process will help you find out if you are eligible for financial aid
