# BROADLEIGH ELEMENTARY MAY 2021 NEWSLETTER

Dear Parents:

It's hard to believe that in just a few weeks the 2020-2021 school year will come to an end. On behalf of Broadleigh Elementary, I would like to thank you for your patience and support during this year of uncertainty and change. Although we are near the end, there is PLENTY of work yet to be done. Please make a commitment to ensure your child finishes the year strong by ensuring that he/she is in attendance each day, completing assignments, and putting forth his/her best effort on end of year I-Ready diagnostic assessments in reading and math. Please check the district's web site for summer learning opportunities designed to help bridge the gap in learning that may exist due to the COVID-19 pandemic and the virtual nature of education. Don't wait, as available space for learning opportunities are quickly filling.

CCS Summer Experience 2021 (Summer School)
Registration is now open for the Columbus City Schools 2021 Summer Experience program.

The Summer Experience program will provide enriching experiences for all students in Pre-K through 12th grade. It is an opportunity for students to accelerate or recover credits. The need for a rich summer experience is critical now more than ever. The District's focus this summer will be on engagement and empowerment for students and educators. Programs run for six weeks beginning on June 14.

CCS is collaborating with a number of community partners to enhance the 2021 Summer Experience program including COSI, the Franklin Park Conservatory, The Ohio State University, and Columbus Department of Recreation and Parks.

The CCS Summer Experience will focus on fundamental knowledge and skills that include well-rounded content, leadership, reasoning, and social-emotional learning. With a smaller teacher-to-student ratio and following all health and safety protocols, the District's goal is to provide in-person learning at five high schools, 10 middle schools, and 13 elementary schools. The Summer Experience program will serve as the CCS Extended Learning Plan that is submitted to the Ohio Department of Education.

How to Register
To register your student for the 2021 Summer Experience, log onto the CCS Parent Portal, click the "More" tab, and then click "Summer School" under Quick Links. If you have not created your Parent Portal Account, click here for instructions on how to activate your account or to watch an instructional video.

Please note: **the registration deadline is June 1. If hyperlinks are not working, please go to the district's website, and type in summer school.**

End of Year Report Cards
Student report cards can be accessed using the Parent Portal. We will not send a paper copy of the report card home with your child. If you need assistance accessing the parent portal, please call the district's FACTLINE at 614-221-3228, or visit the district's website for step-by-step instructions.

Remote Learning Days
Did you know that during remote learning days **your child is responsible to do the following things?**
- Log in to Infinite Campus for attendance
- Complete assigned work that is posted in the Google Classroom
- Meet with teachers on Asynchronous Wednesdays for academic support

It seems as if many students are failing to do any work on remote days. Teachers are spending a great deal of time allowing students opportunities to do work that should have been completed on remote learning days. Unfortunately, we do not have the luxury of spending time ensuring student work is completed. We need your help parents—please check to make certain that your child is completing assigned work and logging in for attendance during remote learning days—**these are not days off of school**.

Technology Fees
Fees for technology repairs/replacement must be paid using the Parent Portal. School sites are not permitted to take money, checks, or money orders.

Important Dates

May 31 Memorial Day No School for Students

June 3 Last Day of School for Students
