INFORMATION TECHNOLOGY

Network Cybersecurity
Senior Only

Students will learn the technical concepts and skills needed to establish, maintain, and troubleshoot the essential networks on which businesses rely. Building on this foundation, students will acquire the core knowledge required of any cybersecurity role. The course work aligns with the CompTIA Network+ and Security+ Certifications.

Prerequisites: Students must successfully complete CompTIA IT Fundamentals course or equivalent. Six-week ITF Bootcamp offered in the summer.

Academic Options: Technology

Student Organization Opportunities: BPA (Business Professionals of America)

EARN
