

## LAW &amp; PUBLIC SAFETY

## Public Safety

Students will master the skills necessary to be applied to the police, corrections, security, and homeland security scenarios. Personnel from Police Departments mentor students in the program. Students have the opportunity to network with other professionals in the industry and learn the importance of teamwork through classroom learning, lab activities, real-world assignments, and community service projects. Candidates are students dedicated to serving our community. Physical fitness is a regular part of the class.

**Academic Options:** Technology

**Student Organization Opportunities:** Skills USA
