HOST FOR SESSIONS:

DEBRA CULLEN, SREB
MARTY SUGERICK, SREB

WORKSHOP SCHEDULE

WEDNESDAY

1. Utilizing Virtual Field Trips

This session will allow teachers to see what virtual field trips are available and how to use those field trips in your online virtual learning with students.

2. Digital Work Journals & Simulated Interviews: Preparing for the Workforce

This session will provide a process for facilitating Guided Practice in a virtual setting. Participants will engage in a research-based practice applying 3 Modes of Communication to a variety of scenarios. (ex. test preparation, current events, and case studies) Participants will engage in a process that can be customized to facilitate student ownership, collaboration and critiquing the reasoning of others.

TUESDAY/THURSDAY TOPIC

Virtual Guided Practice using 3 Modes of Communication

This session will model a process for design and implementation of Digital Work Journals with Simulating Interviews. As you all know, business and industry are skill driven when hiring. The landscape of interviewing has evolved. The virtual world is here whether we like it or not. This tool is used to connect and align performance in CTE courses to snapshots of evidence in interviews for employers, scholarship committees and networking. Participants will be encouraged to customize the tools shared in this session to meet their teaching style.
