

Ohio's Learning Standards are the defacto curriculum for ELGLISH 10 with the goal of student mastery of those Standards using multiple and varied literary/informational texts, tools, and strategies. The sequence of this older curriculum unit is NOT meant to be prescriptive. These older resources can provide multiple ideas for teaching the Standards for student mastery, but are aligned to Ohio's Learning Standards before the 2017 revisions and Ohio's State Tests. Please DO NOT adhere to the protocols of the past reflected in these older resources where each nine-week unit culminated in a writing. Instead, reading and writing should be integrated throughout ELA instruction, and not treated as isolated activities. Students should be reading and writing routinely (daily/weekly), not just reading one novel and producing one writing per quarter. Thus, feel free to pull ideas from these older resources to help students master Standards without being caught up in having to "cover" items you find in those resources. CCS strongly encourages the implementation of a Writers/Readers Workshop model for routine reading and writing instruction which you can find out more about [HERE](#) (pages 3-4) and [HERE](#).
