

PROGRESS TO SUCCESS

The *Progress to Success* supplemental intervention texts from Perfection Learning are designed to help struggling readers at the secondary level successfully handle complex texts. The protocols used in these resources help students reading below grade level acquire skills for accessing texts beyond their Lexile level. Each **high school** has 40 student books for **Grades 9-10** and 40 for **Grades 11-12**. Learn how to use these books successfully by watching the YouTube Training Videos below.
