The Opportunities Expand Beyond the Classroom

The Summer Institute provides essential programming to help you succeed.

Personal Advising

Meet with your graduate academic advisor in a one-on-one session (virtually or on the phone) to learn more about your program. This is your chance to get all your questions answered and plan a personalized schedule that meets your goals and timeline. Your advisor will get you registered and ready to begin your Summer Institute M.Ed., endorsement, or licensure program.

Faculty Networking Receptions

Meet members of the College of Education graduate faculty and gain advice on how to successfully balance work, life, and an accelerated academic schedule. Experienced professors will be on hand to answer questions about study tips, becoming an academic researcher, class expectations and more.
