Winter Break
Learning Packet

DECEMBER

PREK-KINDERGARTEN

Learning Together
Use these simple activities to
have fun and learn each day!

Try this memorization game! Do several movements—jump up and down, shake your head, and clap your hands twice. Have your child repeat the movements.

Talk about the sequence of the routines your child does every day, such as brushing their teeth. Ask, "What do you do *first*? *next*? *last*?"

Look out the window with your child. Who can spot a bird first? As you are looking, ask your child to tell you some things they know about birds.

Write K, J, and L all the way around the edge of a piece of paper. Cut between each letter. Say a letter and have your child fold it down. Keep folding!

Find books with characters from different cultures. Read them with your child. How are the characters different from you? How are they the same?

WEEK 1

Take ideas or scenes from books and act them out. This is the perfect time to use new vocabulary from a book and to be a little silly together!

Gather four items. Call out a number (2, 3, or 4). Ask your child to use the items to make two groups that add up to the number you called.

Ask your child to tell you what they know about fish. Look for some pictures of fish online. Can you find a new and interesting fact about fish?

Write letters on scraps of paper. Call out a letter. Your child picks up the letter, crumbles the paper into a ball, and tosses it into the trash can.

There are many ways to practice gratitude. For example, talk about something you are grateful for once a day or write thank-you notes.

WEEK 2

Line up three cups upside down. Put an object under one cup. Tell your child to watch as you move the cups around. Ask your child where the object is now.

Choose 5-10 matching pairs from a deck of cards. Mix the cards up and place them face down. Ask your child to find the matching pairs (by number, color, etc.)

Look for pictures of amphibians online. Which is your child's favorite? Ask your child to tell you what they know about amphibians.

Make a letter puzzle. Write a large letter on a piece of paper. Cut the paper into six pieces, mix them up, and ask your child to put the puzzle together.

Practice how to meet new people with your child. For example, greet the person by saying your name and ask one or two questions about each other.

WEEK 3

Read Quack, Quack. As you read it with your child, match words with pictures. Touch a picture and then touch and say the matching word.

Can your child point out all the *big* and *little* things they see outside? Who can find the biggest thing? Who can find the smallest thing?

Find pictures of insects online or find an insect outside. Once you have found a picture or a real insect, ask your child to tell you what they know about insects.

Say a simple word like *cat*. Ask your child to repeat the beginning /c/, middle /a/, and ending sounds /t/. Now, blend the sounds— /c/ /a/ /t/, *cat!*

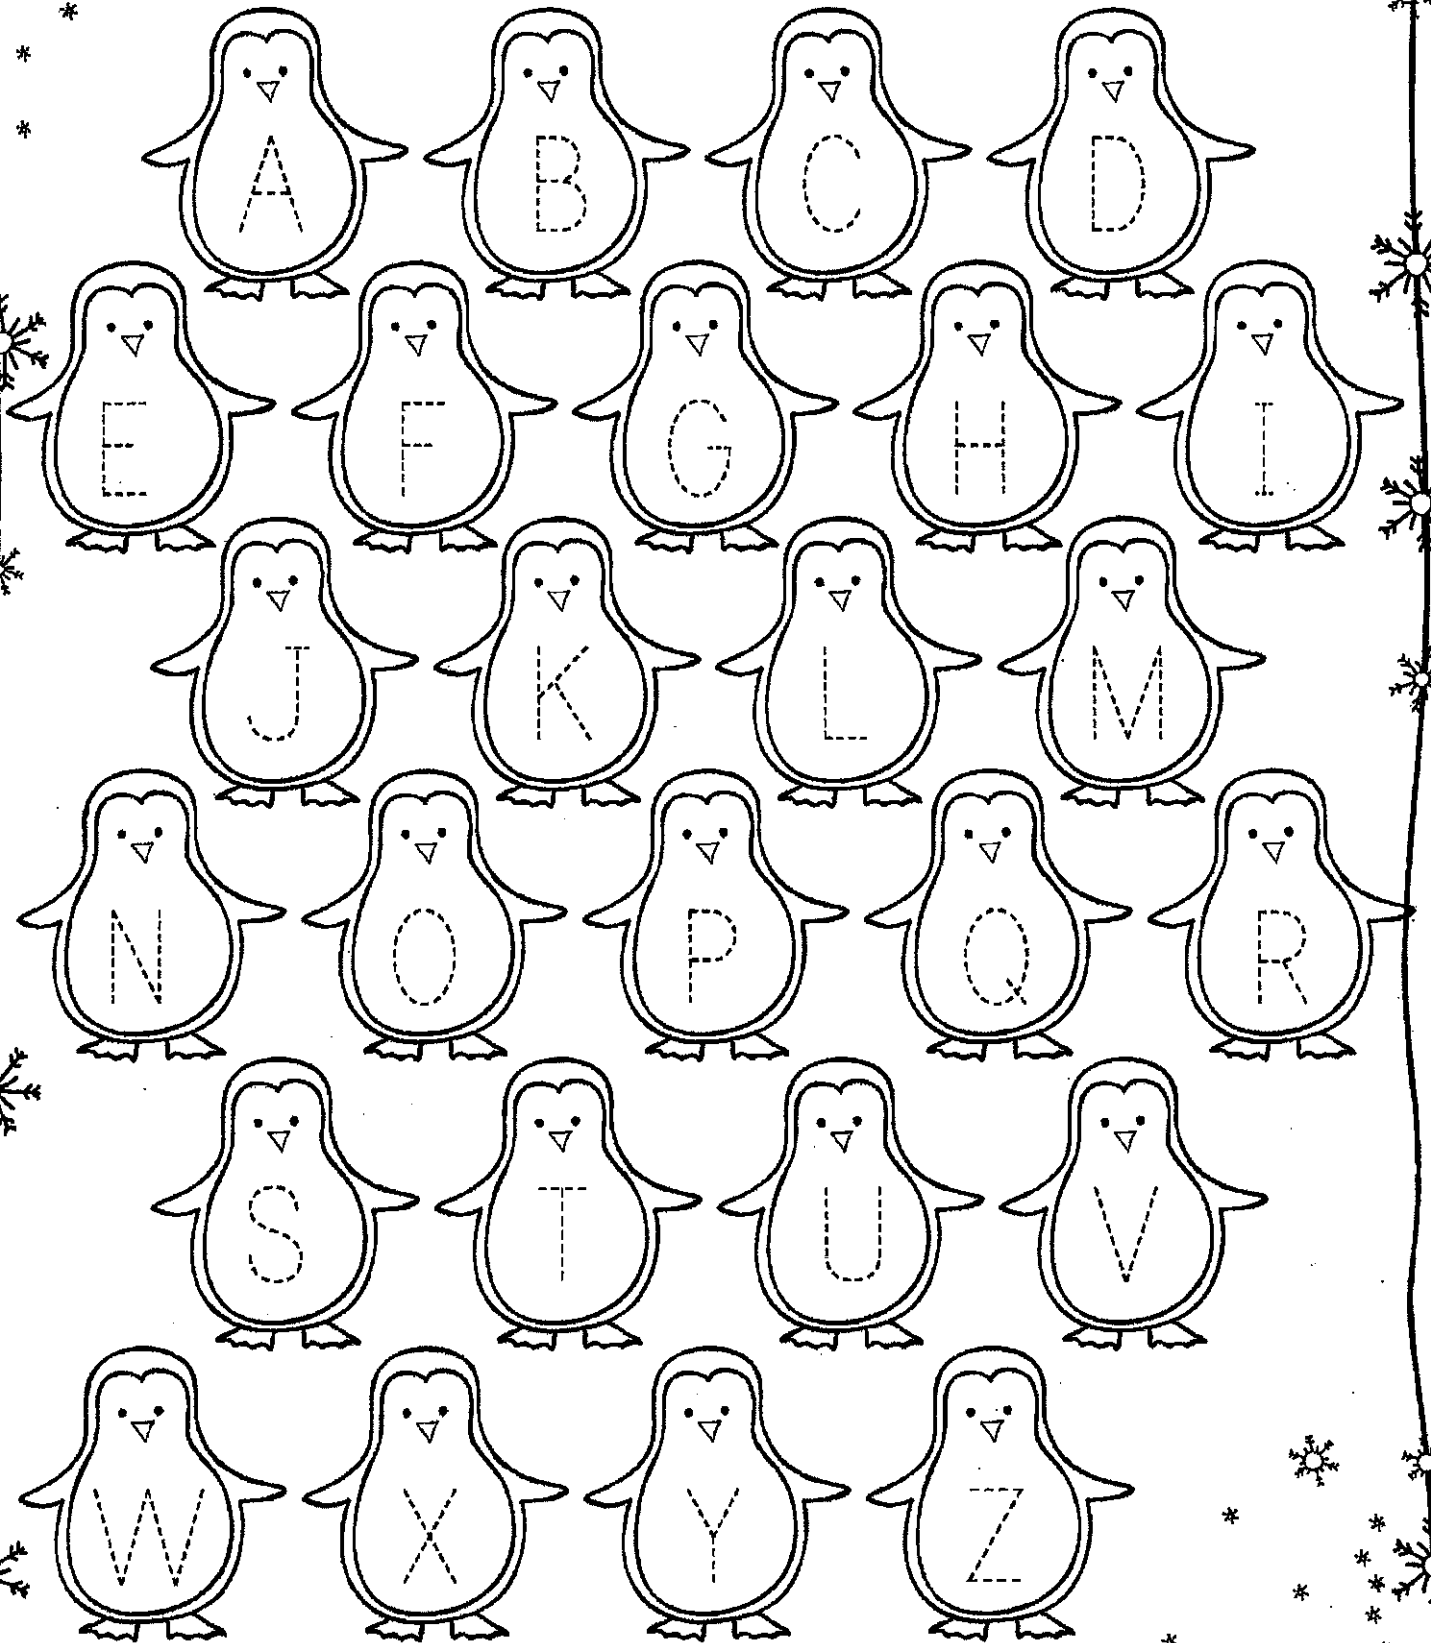

What goal does your child want to accomplish? Write down the goal and list the things they will need to do to complete it. Check on their progress!

Twinkle, Twinkle, Little Star

Twinkle, twinkle, little star,
how I wonder what you are.

Up above the world so high,
Like a diamond in the sky.

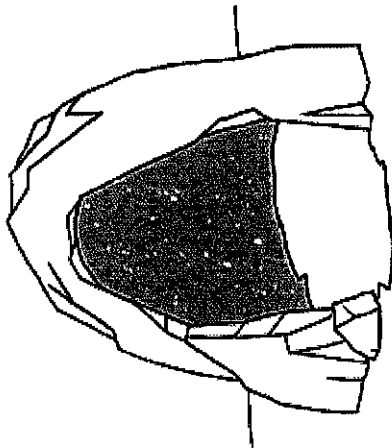

Twinkle, twinkle, little star,
how I wonder what you are.

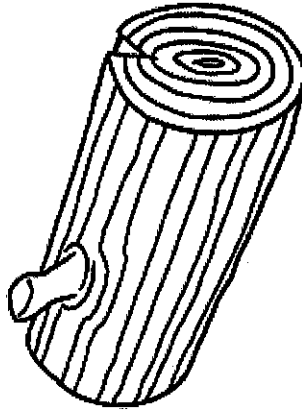

Cut on the dotted lines to make flaps. Staple the tops of the two pages together to make a flip strip.

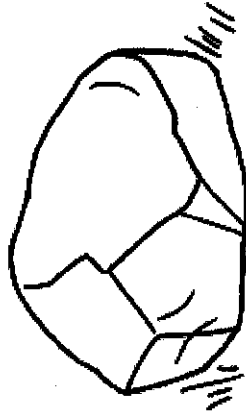

Who Is Hibernating ...

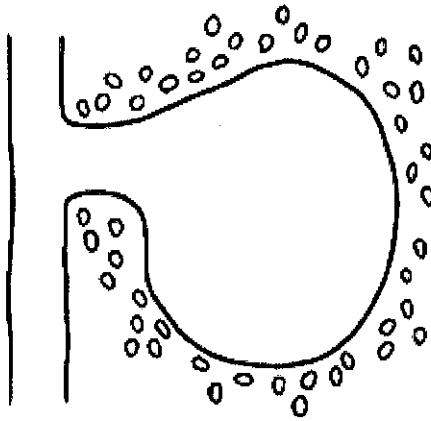

... in a cave?

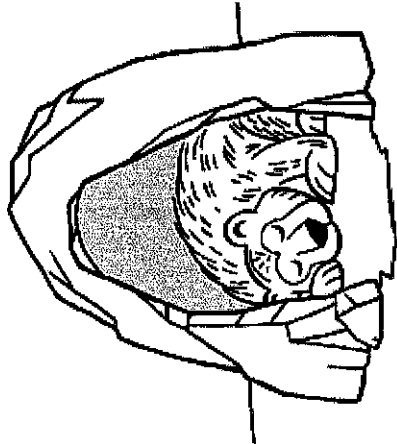

... in a log?

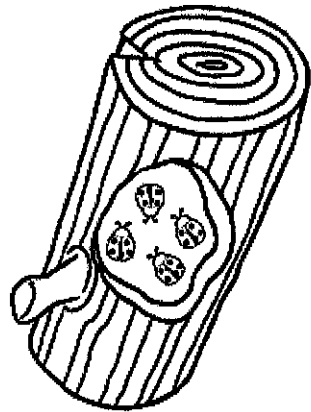

... under a rock?

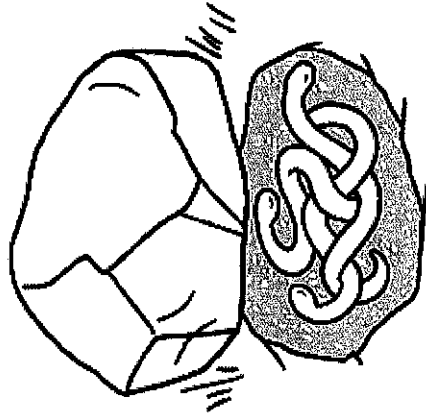

... in a burrow?

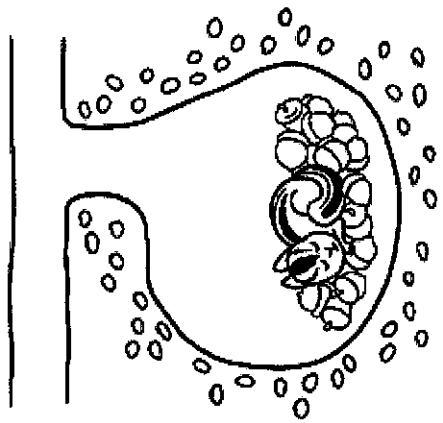

**Peekaboo,
bear!**

**Peekaboo,
ladybugs!**

**Peekaboo,
snakes!**

**Peekaboo,
chipmunk!**

Snowy S-Words

Name the things below. What sound do they start with?

Find and **circle** them in the big picture.

scarf

snowman

snowballs

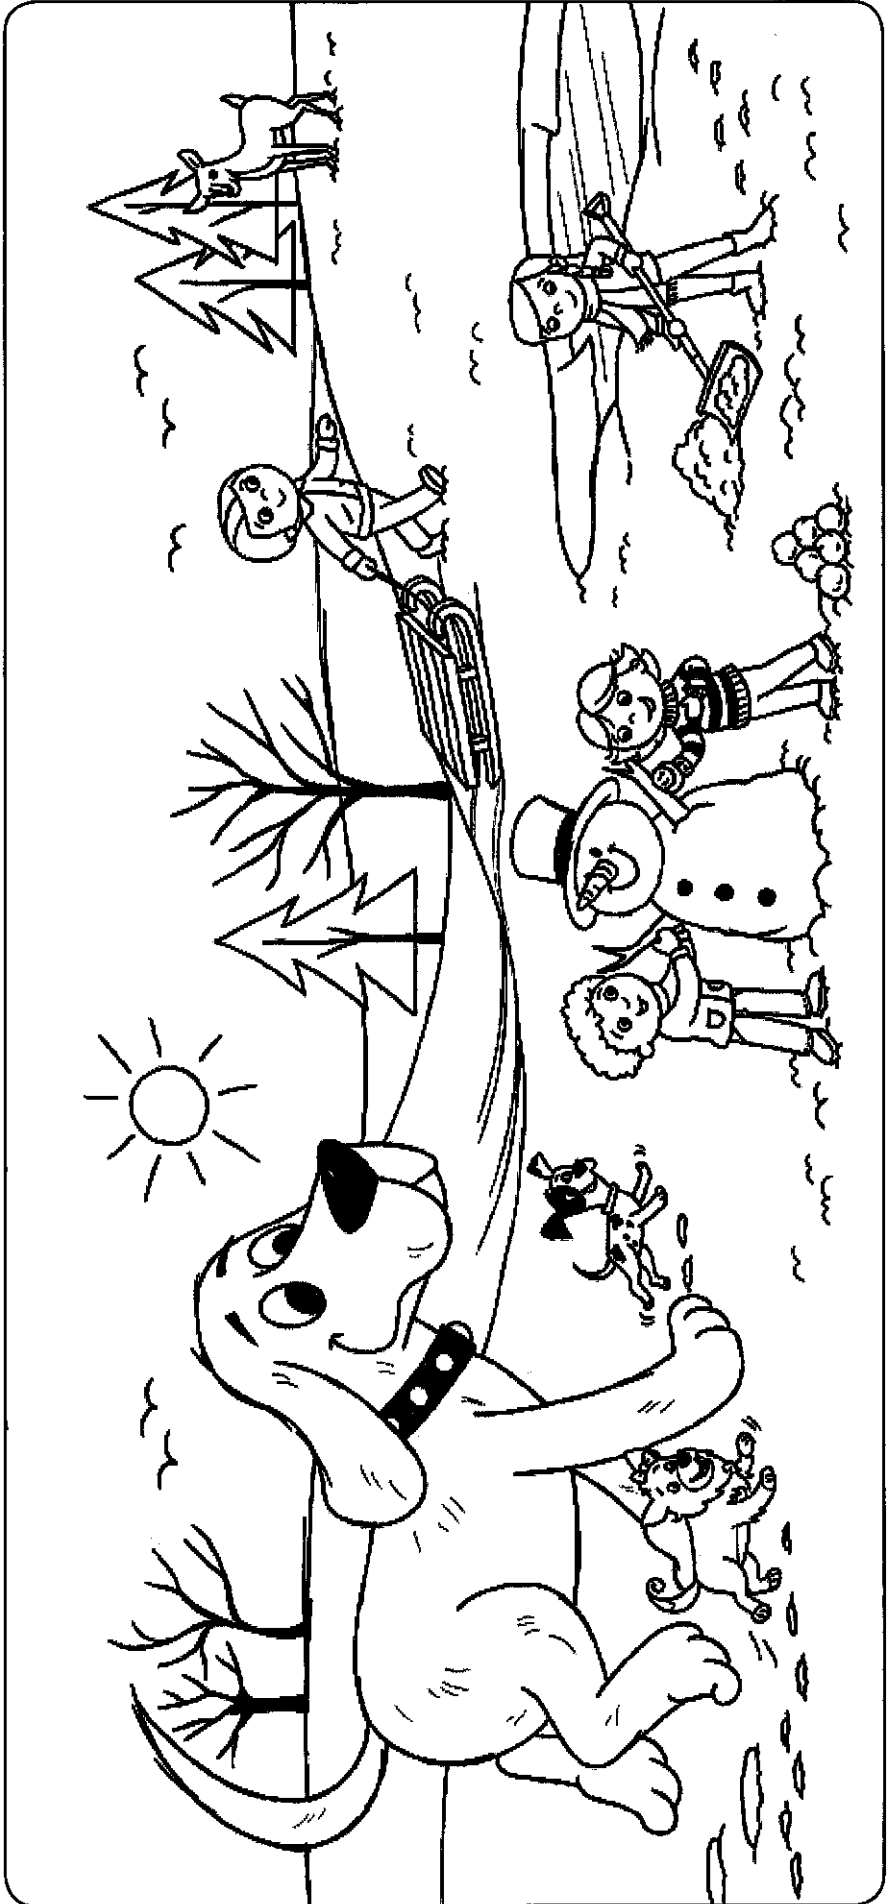

sled

sweater

sun

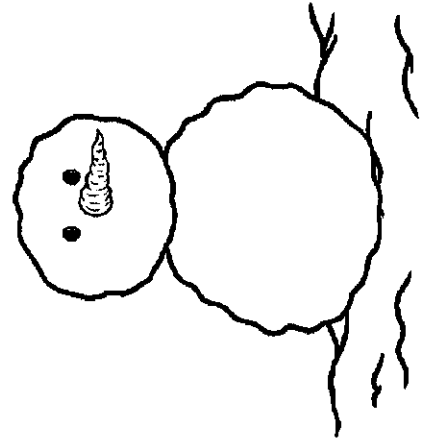

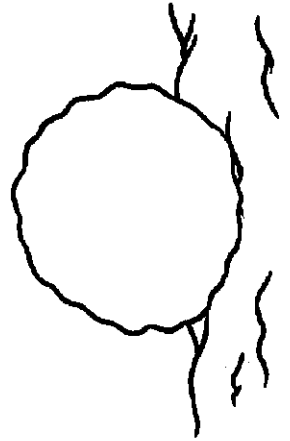

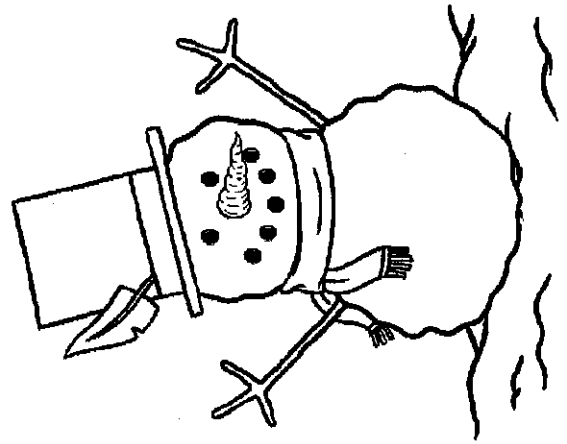

My name _____

sequencing

Step-by-Step Snowman

Cut out the pictures at the bottom of the page. Paste them in the correct order. Tell what happens in each step.
