****Grant Endorsement Process****

Columbus City Schools is driving transformational change in the district. In an effort to become more cognizant of our footprint to reduce paper use, the district has now converted the Columbus City Schools Grant Endorsement (CCSGE) process and developed an online process/application. The online process is now available through the CCSDAS and will replace the paper submissions forms. Everyone who has a CCS login and password will have access to CCSDAS. The link can be accessed here:

CCSDAS. The CCSGE is located under the General Request menu. If this is your first time logging into the CCSDAS, your account has already been created, and no special permissions are needed to access the new online CCSGE form/process.

Individuals who are completing a request for endorsement will need to review the online instructions through PublicSchoolWorks. Prior to using the new online CCSGE, first access the training module found in PublicSchoolWorks to learn how to use the online CCSGE.
