New Faces in State and Federal

Maurice A Bryant received a Bachelor's degree in Leadership with concentration in Sports Management from Union Institute and University. He also completed a Master's of Business Administration from Indiana Wesleyan University. Maurice has 18 years in governmental accounting and management. He loves education and a continuous student of learning. He is excited about becoming a member of the CCS family.

Libby Beard earned a Bachelor's in Social Studies Education with a concentration in History from Kent State University. She has taught and worked in grants management 19 years in a variety of settings including online, urban, rural and in the penal system.

Grants.gov has information available 24 hours a day. Search for grants, get help with applications, and learn more about how to find grant funding.

New Grant Opportunities...

There are many resources to find funding opportunities at the local, state and federal levels. Below are some current opportunities. Additional funding sources can be found at : ccsoh.us → Departments → State and Federal Programs → Grant Information.

Education grants, Savros Niarchos Foundation

Award: Varying

Description: The Stavros Niarchos Foundation awards grants to fund projects in education as well as arts and culture, health and sports, and social welfare. Previous education grants have been awarded to colleges, schools, mentoring programs, and "edible schoolyard" gardening programs. Applications must be submitted online.

Focus: Disaster Relief (COVID-19), Family/Social Services, General Education, Professional Development, Sports/Esports/Recreation, Technology Equipment/Devices, Underserved Populations/At Risk

Who Qualifies: PreK, K-2, 3-5, 6-8, 9-12, Adult, Higher Ed

Deadline: Applications are accepted on a rolling basis

Youth Career Exploration and Employment Skills Training Grants

Description: The Subaru Foundation of America awards grants to support two types of programs, Youth Career Exploration and Employment Skills Training. Career exploration programs should target students in middle school and high school from underserved communities with opportunities for relevant, experiential activities that address hard and soft skills for job and career success. Employment skills training programs should target individuals aged 16 to 26 in underserved communities with training in hard and soft work skills, support for internships that can lead to employment, and assistance in obtaining industry-required certifications for employment. There are two grant cycles yearly and organizations are limited to one request per 12-month period.

Who Qualifies: Library/Media, Literacy, PreK, Technology Equipment/Devices, Underserved Populations/At Risk

Focus: Career and College Readiness, Career and Technical Ed (CTE), Interning/Mentoring/Apprenticeship, Technology Equipment/Devices, Underserved Populations/At Risk Awards vary.

New Grant Opportunities...

Target Field Trip Grants

Award: Maximum \$700

Description: The Target Field Trip Grants Program was designed to help teachers bring learning to life for students and enhance classroom studies. The grants can be used to cover the cost of transportation, entry fees, supplies, and classroom resource materials so that teachers may continue using the valuable experiential learning gained from math and science, language, social studies and arts-focused field trips. This is ongoing with no deadline.
