

The Mockingbird Foundation Grant

Grants to USA Nonprofits and Schools for Musical Education for Children

GrantWatch ID#: 181377

Agency Type: Foundation / Corporation

Funding Source: The Mockingbird Foundation

Deadline: 08/01/20 11:59 PM

Conf. Date: 00/00/00

Description: Grants of up to \$10,000 to USA nonprofit organizations and schools for programs that provide music education to children and youth. Organizations that take innovative approaches, operate with a low overhead, and demonstrate collaborative elements in their work are of particular interest.

Full Description:

The Mockingbird Foundation, Inc. ("Mockingbird") offers competitive grants to schools and nonprofit organizations that effect improvements in areas of importance to the Phish fan community. Its programmatic focus is music education for children, defined as follows:

Music: The Foundation recognizes broad and basic needs within conventional instruction, though is particularly interested in projects that foster creative expression (whether in instrumentation, vocalization, composition, or improvisation) and encourage applications associated with diverse or unusual musical styles, genres, forms, and philosophies.

Education: Education may include the provision of instruments, texts, office materials, or equipment; the support of learning, practice, and performance spaces; and the provision of instructors or instruction. The Foundation appreciates the fostering of self-esteem and free expression but has never funded music therapy separate from education nor music appreciation which does not include participation.

Children: The Foundation primarily funds programs serving children eighteen years of age or younger, but will consider projects which benefit college students, teachers, instructors, or adult students. It is particularly (though not exclusively) interested in programs which benefit disenfranchised groups, including those with low skill levels, income, or education; with disabilities or terminal illnesses; and in foster homes, shelters, hospitals, prisons, or other remote or isolated situations.

Estimated Size of Grant: Grants range in size from \$100 to \$10,000.

Term of Contract: Grants are made on a one-time basis, are non-renewable, and non-transferable.

Eligibility:

- See RFP and/or Grant Guidelines for full eligibility

Additional Eligibility Criteria:

Grants are made only to nonprofit organizations with tax-exempt status under section 501(c)(3) of the Internal Revenue Service code, or which have a sponsoring agency with this status, or which are government entities, such as a public elementary school. (Public schools are tax-exempt and thus eligible for funding, although school-based grantees cannot be independent of the school, must take place at the school, and must be supervised by the applicable municipality.)

Organizations selected to submit a full proposal will be required to submit documentation of their status as a 501(c)(3) tax-exempt institution, a sponsored institution, or a public school.

It is expected that nonprofit organizations who apply for support are operated and organized without discrimination in hiring staff or providing services on the basis of race, religion, gender, sexual orientation, age, national origin, or disability.

Grants to individuals or to fund research, fundraising organizations or events, programs that promote or engage in religious or political doctrine, or organizations outside the United States are not normally considered.

Pre-Application Information: Inquiries for Round 25 are now open.

Inquiries open each year by January 1st via an online form that closes August 1st, at 11:59 p.m. PDT.

Full proposals are by invitation only and will not be considered if unsolicited.

Those interested in funding should complete the Initial Inquiry Form, to provide organizational details and some brief narrative elements. No inquiries submitted via any other channel, including postal mail, will be considered.

Due to the large volume of inquiries anticipated, no updates on the status of an inquiry, nor on other aspects of the funding process, prior to the invitation

of full proposals will be available.

Funding, if granted, will not happen until receipt of a completed grant agreement, which would not be sent until early January 2020.
