Class _____

Date _____

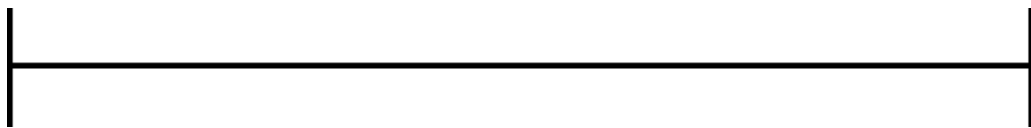

WEEK 3: EIGHTH NOTES AND DIVIDING THE BEAT!

1: Trace the eighth notes below (don't forget to fill in the note heads!)

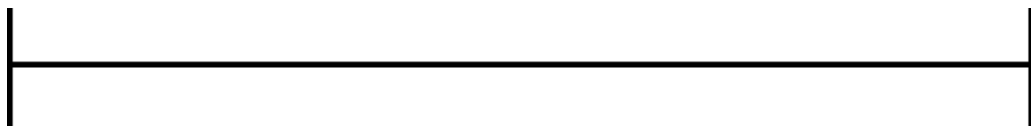

2: Try drawing a few eighth notes of your own on the lines below!
Draw four individual eighth notes and four groupings of two.

Individual eighth notes:

Eighth note groupings:

3: Music note math: add the value of the quarter notes and eighth notes together to find the total number of beats!

A:  +  = _____

B:  +  = _____

C:  +  +  = _____

D:  +  +  = _____

4: Using quarter notes, quarter rests, and eighth notes, write your own rhythm on the line below. Make sure all your notes and rests add up to four total beats!
