

Good Morning,

I hope everyone is safe and doing as well as can be expected in these unique times. Adjusting to the new distant online learning requirements has been quite challenging for me as a parent and teacher. I appreciate all your efforts in attempting the work we have done thus far during this transition. I realize it can be quite overwhelming. Please note all due dates will be extended per student needs, just let me know.

Starting Monday, following the directive of our district and the Ohio Department of Education, I have decided to use the following programs below to administer quarter 4 distant instruction. I have listed the programs and how to gain access below.

Again, I hope you are all safe and have what you need. If there is anything we can help with please reach out.

Sincerely,

Mr. Mastroianni

Subject	Program	How to Access Program
MATH	ALEKS	
	** (NEW!) ** i - Ready	Log in through "Clever" (same as Achieve 3000) Your account is already active.
SCIENCE	Achieve 3000	Log in through "Clever"
	** (NEW!) ** Edmentum: Study Island	Log in through "Clever" (same as Achieve 3000) Your account is already active.
Google Classroom	Used for POD's, quick response questions & Class Updates	Google Classroom: Codes Per. 2/3: trldcgs Per. 4/7: iwjnnjh
