WHAT MAKES THIS SCHOOL OUTSTANDING:

Columbus Africentric Early College PreK-12 (CAEC) is proud to provide an educational experience by implementing the CCS curriculum within an educational environment infused with the Community Values of Nguzo Saba (Unity, Self-Determination, Collective Work and Responsibility, Cooperative Economics, Purpose, Creativity, and Faith) and Leadership Principles of Maat (Balance, Harmony, Justice, Order, Reciprocity, Righteousness, and Truth). Additionally, the staff is committed to providing a positive and productive learning environment by utilizing an African-centered perspective and education. Our motto is "Success is the Only Option." Our mascot is the Nubians! Nubia once encompassed both Ancient Egypt and the golden city of Kush, Ancient Sudan. The word "Nub" means gold in the ancient African Kemet language. We are reaching for "gold!"

- **DEFINITION OF AFRICENTRIC PERSPECTIVE:** Africentric is a perspective reflective of scientific conclusions that negate social Darwinism and the inferiority of certain races. It affirms one human race with diverse ethnicities and, as point of view that explores the deep-roots and contributions of African people and their descendants, it recognizes the geographical and cultural unity of human origins in continental Africa as a knowledge-base that is beneficial to all people.
- **DEFINITION OF AFRICAN-CENTERED EDUCATION:** African-centered education as an optimal education, draws upon a wisdom tradition from the earliest human civilizations, emerging in Africa, which seeks to uplift and liberate. It is academically rigorous and develops capacity for the critical evaluation of historical and cultural assumptions into which all people have been socialized.
