WHAT MAKES THIS SCHOOL OUTSTANDING: Proudly a Columbus City School, Devonshire Elementary School is located in the heart of the Devonshire neighborhood in north Columbus. Devonshire offers a unique perspective to education, offering six-grade levels (special needs preschool through fifth grade), with specialty programming (special education, English as a second language) and incorporating the Project Adventure restorative practices curriculum. Through its signature experience, Project Adventure, Devonshire teaches students to understand issues from multiple perspectives, volunteer in service to others and their community, build a diverse and global perspective, and translate classroom knowledge into real-world experiences.

SPECIALTY LEARNING OPPORTUNITIES/CURRICULUM: At Devonshire we follow the state approved New Ohio Learning Standards; curriculum in language arts, math, science, and social studies. We integrate the subject areas and use cooperative and hands-on activities to create an experiential learning experience for our students. Students have the opportunity to develop understanding and skills on laptop computers. Additionally, teachers and students have the opportunity to use state-of-the-art learning technologies and engage in classroom and non-classroom experiences to support their learning. Additionally, teachers at Devonshire use the Houghton Mifflin Harcourt Reading, i-Ready Into Math, Science and Studies Weekly, FUNdations, Heggerty, and Just Words programs.

Our gymnasium serves as the focal point, where we do climb our walls, zip across the gym, and trapeze through the rafters. All fifth-grade students get to go to ZipZone to further their adventure education experiences in high ropes courses. All students, in all grade levels, experience initiatives and outdoor education through a partnership with Metroparks and Columbus's own Spruce Run Nature Center. Additionally, all 3rd - 5th grade students are able to attend an overnight camping trip with classmates and teachers. While our Pre-K through 2nd graders take on a day camp experience.
