WHAT MAKES THIS SCHOOL OUTSTANDING:

The Dominion staff ensures that students are provided with a high-quality education in a safe, clean, and orderly school environment. The Dominion staff additionally commits to providing outstanding communication to parents, students, and community members. We communicate with parents through a weekly electronic newsletter, weekly automated phone messages, and the Infinite Campus Parent Portal. Strong community ties are another outstanding aspect of Dominion Middle School. Our inclusive community ensures that all students are welcomed into a warm and supportive learning environment. Deaf and Hard of Hearing, and students with autism are mainstreamed and included in regular education classes at Dominion.

SPECIALTY LEARNING OPPORTUNITIES/CURRICULUM:

The staff at Dominion Middle School teaches a core academic curriculum consisting of Ohio's Clear Learning Standards, which were developed by the Ohio Department of Education. These standards are highly rigorous and emphasize critical thinking, argumentative inquiry, with a Constructivist approach to learning. Teaching staff plan with academic rigor and relevance in mind. Therefore, students demonstrate knowledge in a variety of different ways, including projects, labs, and written work.

SCHOOL LEADERSHIP:

Dorothy K. Flanagan, Principal
