WHAT MAKES THIS SCHOOL OUTSTANDING:

OUR STUDENTS and STAFF! Our school houses general elementary students in grades K-5, and the Columbus Hearing Impaired Program for preschool & kindergarten, as well as classes for deaf and hard-of-hearing students using sign language/Total Communication through grade 5. As many as 30 different school districts send students to our program for services to students with hearing loss in self-contained, mainstream, and/or inclusion settings. We provide comprehensive support services for students that are deaf and hard-of-hearing, including audiology, speech therapy, sign language interpreters, amplification, instructional assistants, work-study services, and counseling. All Huy students are given an opportunity to learn sign language. All teachers are trained in Positive Behavior Support for school-wide and classroom support. Our building promotes acceptance and support for all.
