

Columbus City Schools is excited to announce the opening of **WORLD LANGUAGE MIDDLE SCHOOL** for school year 2021-2022! This innovative multilingual program adds another school within our district.

This school will incorporate the two immersion elementary programs, **Columbus Spanish Immersion Academy** and **Ecole Kenwood**, as well as ELL students identified as newcomers into a welcoming multilingual middle school.

The school solidifies a pathway that will create bilingual, biliterate and successful students. We are thrilled to offer lottery seats to any student within the Columbus City School District entering grades 6th, 7th, or 8th who is fluent in either Spanish or French. Interested applicants should enter a lottery application via the Parent Portal and will be contacted for assessment of French or Spanish speaking abilities.

One Mission.

One Vision.

One School.

One Movement.

Mission

Guided by principals of academic rigor and inclusivity, the **World Language Middle School** continues and enriches the immersion pathway by bringing together a multilingual community of leaders. Our global educational environment will advance knowledge, critical thinking, and cultural awareness in all students.

Vision

The **World Language Middle School** will create successful and compassionate global citizens who think critically, solve problems, respect all people, and promote intercultural understanding.

"I am excited to connect with students, families, and community partners to build a robust and engaging academic experience that promotes grade-level academic achievement, bilingualism, and bi-literacy in relevant and real-world ways."

- **Sandra Santos**, Principal
