

# Summer Reading Overview

First, read a good book!

Be sure to take good notes.

①

## One-Pager Directions

A one-pager is a way to visually share key ideas and information from what you have learned. When you create a one-pager, you are trying to use both visual symbols and important words to clearly and concisely share your most important takeaways with someone else.

For this one-pager, you will use a Google Slide OR a blank piece of paper.

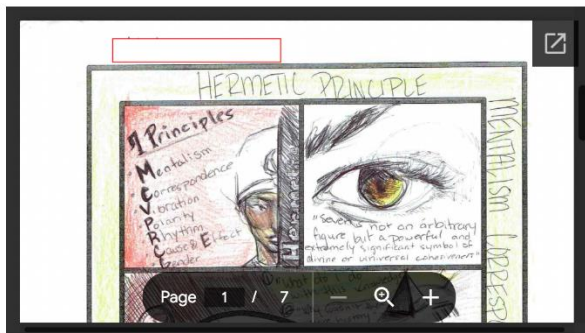

### Here's what it **MUST INCLUDE**:

1. Be sure to include your name, the title of the book, and the author somewhere on your one-pager.
2. A border which somehow represents the **key theme topics** from what you have read. You could also write a theme statement around the border, instead.
3. An image in the upper left hand corner with a quotation. This image should somehow represent what you consider to be the most important **symbol** in the text so far.

4. Images and/or words in the upper right hand corner that represent the key **characters** from the text and perhaps how they are changing.
5. Images and quotations in the lower left hand corner that show the **author's style** of writing, and the power of the language that is used.
6. Images and/or words in the bottom right hand corner that show connections between the **themes** and ideas in the writing and what is going on in the world today.
7. A TOTAL of **three important quotations** from the text with correct citation (incorporated in a box, or added to the margins). \*\*\*
8. Words and/or images that show the significance of the **setting** in some way

You may also add other symbols, drawings, and words that represent the reading as you wish.

**Be creative and have fun!**
