Dear East Linden Families:

Welcome to a new and exciting school year! We are happy to have your child with us for the 2022-23 school year and I am very excited to be the Principal of East Linden Elementary School once again. I look forward to meeting and working with the East Linden Community.

Our educational focus will be to provide high-quality instruction for each student in a safe, supportive and welcoming environment. My goal is to make sure that we have a school climate where learning can take place for each and every student so that **all students** will make academic improvement, especially in reading and math. When students are excited and motivated about learning, academic achievement will increase. **You are the critical link to your child's success in school.**
