OPENS**

February 14-28

Log into **PARENT PORTAL** to enroll.

“A School Without Walls”

Are you looking to make the switch from in-person learning to online instruction for your child?

If so, Columbus City Schools BlendED program could be the right choice for your family. Our BlendED learning option offers a remote learning opportunity for families who prefer a less traditional school setting.

Columbus City Schools BlendED Program is for Kindergarten through Twelfth grade students who prefer a primarily online learning environment with the periodic option for in-person support, assessment completion and engaging and enriching learning experiences. Students will learn primarily online and benefit from the following.

BlendED features:

- ▶ K - 12
- ▶ Full-time teacher support 5 days a week
- ▶ Teacher availability during school hours
- ▶ Scheduling for families
- ▶ A better balance between synchronous and asynchronous time for students
- ▶ In person testing, orientation, help sessions and extended learning opportunities

The program is a one-year commitment! Students who enroll in BlendED relinquish their lottery seat and are returned back to their home school by address if space permits the following year. If you feel your child will benefit from an online program, don't wait!
