School Supplies for 2020-2021 School Year

*Supply lists were created in the spring of 2020, with the intention that students will need their own individual supplies, rather than sharing community supplies. With that in mind, **please label all your child's supplies with his/her name!**

*While many details about the format of school in the fall are currently unknown, we are committed to getting a supply list to you early to facilitate your process.
