EDUCATION

Want to go to college?

Nationwide Children's Hospital's Upward Bound Math & Science Program wants to help you prepare for college.

- Receive help from professional, live tutors in any academic area
- Earn internship hours required by Columbus City Schools
- Gain experience through our summer work-study program
- Build your resume through our networking events and summer research experience
- Get individual and family assistance preparing for college
- Participate in the Nationwide Children's mentoring program
- Explore STEM by conducting hands-on experiments, building apps, EA Sports, and more

Interested? We are currently looking for students to join our UBMS family!

To qualify, you must:

- Attend/home school must be Marion-Franklin or South High School
- Be considered a first-generation college student
- Meet income level requirements

For more information to apply, visit NationwideChildrens.org/UpwardBound.
