Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

Good Evening Puncher Families!

This is principal Kimberly Mills calling to remind you that the 4th grading period has begun. Students should be logging into their teacher's google classrooms daily and completing work. If your child does not know their teacher's code, please have them check the Academic tab on the Mifflin High School website. Please check in with your son or daughter to make sure they are completing their assignments. Students can access their school work from a computer or their cell phone. Fourth quarter grades determine fall athletic eligibility. At this time no changes have been made to grading or how eligibility will be determined. I will let you know if anything changes, but at this time all athletes who want to participate in a fall sport need to make sure they are completing their assignments daily. Please make sure your email and phone numbers are up to date in Infinite Campus to make sure you are getting timely and important information. You can update these in the student or parent portal. If you have any questions about your student's assignments or grades, please email your child's teacher. This can be done through the parent portal as well. Next week your child will receive a Columbus City Schools Email Address and more information about Columbus City Schools' Distance Learning. Free breakfast and Lunch are provided daily Monday-Friday at Mifflin High School. Breakfast pick up is from 8-9 and lunch can be picked up between 11-1. I hope you are able to enjoy the sunshine and warmer weather while practicing social distancing. Be well and stay safe.

Go Punchers!

Kimberly Mills, Principal
