Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

December 15, 2014

To the Citizens and
Board of Education of the
Columbus City School District

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the Columbus City School District (the "School District") for the fiscal year ended June 30, 2014. This CAFR, which includes financial statements and other financial and statistical data, conforms to generally accepted accounting principles as applicable to governmental entities. The intent of this report is to provide the taxpayers of the Columbus City School District with comprehensive financial data in a format that enables them to gain a true understanding of the School District's financial affairs as well as provide management with better financial information for future decision-making.

State law requires that every general-purpose local government file with the Auditor of State and publish the availability of its financial statements within five months of the close of each fiscal year. This report is published to fulfill that requirement for the fiscal year ended June 30, 2014. This report will also be available on the School District's website at www.ccsdoh.us.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from any material misstatements.

The Auditor of State of Ohio has issued an unmodified ("clean") opinion on the Columbus City School District's financial statements for the fiscal year ended June 30, 2014. The Independent Auditor's Report is located at the front of the Financial Section of this report.

Management's Discussion and Analysis immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. Management's Discussion and Analysis complements this letter of transmittal and should be read in conjunction with it.

This report includes all funds of the School District. The School District provides a full range of traditional and non-traditional educational programs, services and facilities. These include elementary and secondary curriculum offerings at general, college preparatory and vocational levels; a broad range of co-curricular and extracurricular activities; and special education programs and facilities.

FORM OF GOVERNMENT AND REPORTING ENTITY

The Board of Education of the Columbus City School District (the “Board”) is a body politic and corporate charged with the responsibility of managing and controlling affairs of the School District and is, together with the School District, governed by the general laws of the State of Ohio. The Board is comprised of seven members who are elected for overlapping four-year terms. The Board members during the year ended June 30, 2014, were:

| | Date Current Term Commenced | Present Term Expires |
|----------------------------------|--------------------------------|-------------------------|
| Gary L. Baker II, President | 01/01/12 | 12/31/15 |
| Bryan O. Steward, Vice-President | 01/01/12 | 12/31/15 |
| Ramona R. Reyes | 01/01/14 | 12/31/17 |
| W. Shawna Gibbs | 01/01/12 | 12/31/15 |
| Michael Cole | 01/01/14 | 12/31/17 |
| Dominic Paretti | 01/01/14 | 12/31/17 |
| Mary Jo Hudson | 02/11/14 | 12/31/15 |

The Superintendent of Schools (the “Superintendent”), appointed by the Board for a maximum term of five years, is the executive officer of the School District and has the responsibility for directing and assigning teachers and other employees, assigning the pupils to the proper schools and grades, and performing other such duties as determined by the Board. The Board appointed Dr. James Daniel Good as Superintendent on July 1, 2013, and his current contract runs through July 31, 2015. Prior to the superintendency, Dr. James Daniel Good was the Superintendent of Westerville City Schools.

The Treasurer is the chief financial officer of the School District and is directly responsible to the Board for all financial operations, investments, and custody of all School District funds and assets, and also serves as Secretary to the Board. Stanley J. Bahorek was appointed Treasurer, effective August 1, 2014, and his current contract runs through July 31, 2017.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. This includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the organization's budget, the issuance of its debt, or the levying of its taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

The School Board adopts an annual budget by July 1, for all funds, which may be amended any time during the fiscal year as new information becomes available. This annual budget serves as the foundation of the Columbus City School District's financial planning and control. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution. The legal level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

ECONOMIC CONDITION AND OUTLOOK

Employment in the Greater Columbus Area continues to be service oriented. Four of the top ten largest employers in the Columbus area are government or government-oriented (State of Ohio, The Ohio State University, Columbus City School District, and City of Columbus). The ten largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, manufacturing, banking, medical and services, provide a broad and diverse employment base.

A significant factor in the area's history of consistent growth is the balance between its manufacturing and other major employment sectors. The sectors and their percentage of the Columbus metropolitan statistical area's employment base are as follows:

| | |
|------------------------------------|-----|
| Construction and Mining | 3% |
| Manufacturing | 8% |
| Transportation and Utilities | 5% |
| Wholesale and Retail Trade | 15% |
| Financial Activities | 7% |
| Professional and Business Services | 18% |
| Educational and Health Services | 15% |
| Leisure and Hospitality Services | 10% |
| Other Services | 3% |
| Government | 16% |

Source: City of Columbus, Economic Development
Website - Average for calendar year 2013

The City's unemployment rate (6.2 percent) at June 30, 2014, continued to be below the State of Ohio (5.5 percent) and the United States (7.4 percent). Columbus has grown to an area covering 228.0 square miles through an aggressive annexation policy. Easy access to markets makes Columbus a good location for business. Columbus, Ohio's capital city, is located in the central part of the State, approximately 150 miles southwest of Cleveland and 110 miles northeast of Cincinnati.

The City of Columbus entered the 21st Century ascending the ranks of America's largest municipalities, with a growing population, economic growth, and a history of strict fiscal management. These factors allowed the City to weather the national financial downturn, albeit with little spending growth, while continuing to provide a high level of quality public services. Administrations, Councils, and the actively engaged civic organizations from across the City have been partners in building Columbus for the 21st Century, and these responsible policies will continue to ensure the City's economic success for future generations.

Over the past ten years the School District has seen enrollment go from 60,425 in 2005, to 49,602 in 2014. Over the last four years, student enrollment averaged over 49,000 per year. The School District expects future enrollment to be consistent with the prior year.

THE SCHOOL DISTRICT AND ITS FACILITIES

The School District covers approximately 116 square miles. According to information obtained from the City of Columbus' 2013 annual financial report, the City of Columbus has a population of 802,912 for 2013 (the latest available data).

During fiscal year 2014, the School District's average daily membership was 49,602. Of the total membership, 22,872 students reported to 64 regular elementary schools, 2,902 students reported to 6 K-8 schools, 2,316 reported to 5 STEM academies, 7,658 students reported to 17 middle schools, 1,583 students reported to 3 middle/high schools, 11,253 students reported to 17 high schools and career centers, 716 reported to 1 kindergarten through high school, and 302 students reported to 2 special schools. The School District's special schools provide special curricula, vocational education and skills programs, and programs for handicapped pupils, including physically handicapped and hearing impaired children.

The School District also operates several administrative facilities consisting of the Kingswood Data Processing Center, Neil Avenue Center, Columbus Education Center, Fifth Street Annex, Hudson Street Distribution Center, Northgate Center, Shepard Service Center, Sixth Street Annex, Trades and Industry Center, Maryland Park Center, 17th Avenue Service Center, Smith Road Garage, and three transportation depots.

EMPLOYEE RELATIONS

The School District currently has 6,478 full-time equivalent employees. During fiscal year 2014, the School District paid (determined on a cash basis) from its General Fund approximately \$375.3 million in salaries and wages and \$152.8 million for fringe benefits and other labor-related costs such as employer retirement contributions, workers' compensation coverage, unemployment compensation, and life, medical, and dental insurance premiums.

Of the current full-time employees, 3,834 are professionals serving as teachers, all of whom have at least a bachelor's degree. The 2013-2014 starting salary for a teacher with a bachelor's degree is \$42,333; the maximum teacher salary (for a teacher with a Ph.D. degree and 30 years' experience) is \$92,391.

The School District's administrators and supervisors (such as principals) are represented by the Columbus Administrators Association (CAA).

Classified supervisors and employees not eligible for membership in a bargaining unit are represented by the Columbus Schools Classified Supervisors Association (CSCSA).

The School District's teachers and educational specialists are represented for collective bargaining purposes by the Columbus Education Association (CEA).

The Columbus School Employees Association (CSEA), a division of the Ohio Association of Public School Employees (OAPSE), represents classified employees (secretarial-clerical, custodial, maintenance, transportation and food services staff) of the School District for collective bargaining purposes.

In the judgment of the Board, labor relations with its employees are good.

MAJOR INITIATIVES

The Columbus City School District offers parents a wide array of high-quality learning options to meet their student's needs. Whether interested in traditional neighborhood schools, or alternative schools featuring performing arts, STEM, language immersion, or career-technical programming, parents and students in the School District will find top-notch schools and programs that will satisfy different learning styles – and interests. Clubs and activities are available in elementary, middle, and high schools; Columbus middle and high schools offer interscholastic athletic programs as well. There are ample opportunities for any student to explore his or her interests, both in and out of the classroom.

The School District has established and is working toward the completion of three primary goals. They include:

Goal 1: Each and every child reaches his /her full potential: prepared to go to college, secure a job, serve in the military or start a business.

Pre-K students come to school ready to learn

- The School District has forty-three Pre-K programs in place to provide high-quality educational experiences for new learners.
- Four new Early Start Columbus Classes were added to support Pre-K expansion.
- A Family Literacy Academy series was developed to provide Pre-K through third grade parents with information and materials to support the development of their child's reading skills while at home.
- More than 800 community members served as Reading Buddies.
- Implemented a "Summer Reading Blitz" to get all third graders enrolled in high-quality summer school offerings in order to build reading skills.
- Extended reading blocks from 90 to 120 minutes per day.

- More than 87 percent of third graders met the requirements for promotion to the fourth grade.

High quality schools in every neighborhood

- The CCS French Immersion program (one of the few programs in the Midwest region of the USA) offers students the opportunity to learn a second language while following the national Common Core Curriculum.
- Spanish Immersion students learn Spanish by hearing it and using it in a natural environment. Kindergarten and first grade are taught solely in Spanish, with English instruction introduced in the second grade.
- CCS has two gender-based middle schools (one for boys and one for girls).
- Columbus North International 7-12 School is working to be a leader in international education in Ohio, the United States, and worldwide.
- The Columbus Global Academy 6-12 is designed to meet the needs of students who have recently arrived in the United States from around the world. Many of the students have little or no literacy skills in English or in their native language.
- Columbus Africentric Early College School provides a unique educational experience by implementing Columbus City Schools' curriculum infused with the Africentric principles of "Nguzo Saba and Ma'at" (Balance, Harmony, Justice, Order, Reciprocity, Righteousness, and Truth).
- The CCS ECLIPSE Program offers gifted students the opportunity to participate in accelerated curricular options throughout the school day. ECLIPSE is a district-wide model.
- CCS has two career-technical centers which offer a wide array of courses and programs to meet the needs of students and potential employers.
- CCS has a K-12 feeder pattern for students interested in the performing arts. The arts are infused deeply into the basic academic curriculum.

Volunteer and leadership opportunities are developed

- Student Council and Student Government programs are offered at the elementary through high-school levels.
- Hundreds of high school and middle school students participate in the annual Service-Above-Self Fair.
- Many students participate in the Kids Vote Ohio program, where lessons about democracy are taught, and hands-on voting experiences take place while students work at voting poll locations through the city.
- Through the Ohio Center for Law Related Education, students participate in mock trial competitions, the "We The People" program, "Project Citizen," and "Youth for Justice."
- CCS is the only central Ohio School District that requires students to complete a 120-hour Internship/community service requirement for graduation.
- The ROX (Ruling Our Experiences) program helps CCS girls build confidence and empower themselves.
- CCS has a wide array of clubs and organizations to support students' interests.
- Students are encouraged to become part of the School District's Student Ambassador Program.
- Students have the opportunity to take advantage of a wide selection of extra-curricular activities and programs.

College/Career pathways to success

- Students have the opportunity to earn college credit while still in high school, via dual-enrollment opportunities, Post-Secondary Educational Options, Seniors to Sophomores, Kenyon Academic Partnership (KAP), and Credits Count. There is no cost to students or their families.
- Columbus Downtown High School is equipped with state-of-the-art technology and offers both academic and career-technical options for students from partnering high schools inside and outside of the School District.
- Project Lead the Way (PLTW) provides the National Engineering and Biomedical Curriculum to support students' interest in highly-competitive fields. The PLTW program is a hands-on, activities, project, and problem-based comprehensive curriculum which is aligned with national standards.
- The International Baccalaureate (IB) program at Columbus Alternative High School is designed to offer students a high school degree rigorous enough to meet any nation's highest high school academic standards.
- AVID is a structured, college preparatory system that provides direct support for first-generation college goers, a school-wide approach to curriculum and rigor, a professional development program.
- The Advanced Placement (AP) Program is a nationally-recognized program which introduces students to the challenges of college-level work. Students have the opportunity to earn college credit while still in high school.

Goal 2: Learning environments are student-centered, efficient and stable.

Recruit, develop, and support the best talent to be located in the most challenging schools

- Twenty-four CCS principals are trained and certified under the National Association of Elementary School standards.
- Thirty-four administrators participated in the Urban Leadership Academy through The Ohio State University's Fischer College of Business.
- 39 CCS principals were supported with mentors (former superintendents and highly-successful principals) from the Educational Service Center of Central Ohio.
- CCS Leadership Interns received more than 24 professional development hours during the 2013-2014 school year

Effective educators (teachers and principals) are maintained at each site

- One-hundred-percent of Indian Springs Elementary School's teachers were rated as "Skilled" or "Accomplished."
- One-hundred-percent of Indianola Informal K-8 School's teachers were rated as "Skilled" or "Accomplished."
- One-hundred-percent of North Linden Elementary School's teachers were rated as "Skilled" or "Accomplished."
- Ninety-five-percent of Columbus Alternative High School's teachers were rated as "Skilled" or "Accomplished."
- Ninety-five percent of Columbus Downtown High School's teachers were rated as "Skilled" or "Accomplished."
- Ninety-four-percent of Columbus Preparatory School for Boys teachers were rated as "Skilled" or "Accomplished."

Site-based team decisions promote autonomy and encourage Longevity

- Each principal is responsible for establishing a Site-Based Council to support teaching and learning.
- Site-Based Councils are comprised of parents, teachers, non-teacher staff, and community members.
- Site-Based Councils make decisions and recommendations that align with the school's goals.

The School District takes advantage of benefits technology offers to improve each student performance

- Every school in CCS has SmartBoard Technology, which is designed to support teaching and learning.
- Older computers across the School District are being replaced with newer and faster models.
- To increase the speeds of all classroom computers, new servers are being installed across the School District.
- The School District is embracing the use of student's personal technology (Smartphones, i-Pads, and other mobile devices). In June of 2013, the Board adopted a policy to permit the student of student electronic devices in classrooms, for educational purposes.

Business and/or civic school partners are identified and sustained

- Columbus Metropolitan Library Homework Help Centers provide resources to CCS students so they can successfully complete their homework and succeed in school.
- The OSU Women in Engineering Program enhances the learning environment through local, regional, and state robotic competitions.
- Fifth Third Bank teaches students fiscal responsibility through the "Young Bankers Club" program.
- The Big Brothers/Big Sisters' Project Mentor Program provides mentors to support students, beginning in eighth grade.
- Huntington National Bank provides tutors to help students prepare for the math portion of the Ohio Achievement Assessment.
- American Electric Power (AEP) Community Volunteers help enhance the learning environment in classrooms.
- ROX (Ruling Our Experiences): girls mentoring empowerment program help build girls' confidence.
- "100 Black Men of Central Ohio" provides mentoring to young men across the School District.

The community is regularly queried via chats, surveys, forums; the School District is responsive

- The School District implemented a School Choice/Lottery survey of parents, which led to a change in practice regarding sibling placement priority and the extension of the number of days to respond to School Choice/Lottery placement offers.
- HB 487 - Requires each school district board of education to establish a parental advisory committee, or another method for review, to provide an opportunity for parents to review the selection of textbooks and reading lists, instructional materials, and the academic curriculum used by schools in the School District.
- Moved the Division of the Registrar and School Choice/Lottery to the Central Enrollment Center, providing more "one-stop" services for our parents.

- Parent surveys are conducted to get feedback on school, climate and overall satisfaction.
- Implemented a new and improved student information system (Infinite Campus) that strengthens the School District's ability to collect and use data.
- Implemented an automatic "timed-out" password system that requires staff to create new passwords every 90 days.
- The School District's software delivery system was upgraded – bringing information to staff and students quickly and efficiently.
- The Division of Testing and Program Evaluation collaborated with the Office of School Improvement to give a presentation to CCS Parent Consultants regarding the measures and components of the new State of Ohio Report Card.
- The School District's Consolidation Team reached out to gain parent and community feedback via many different methods such as community meetings, the internet, customer relations, building chats and school-based parent meetings in order to make informed, fiscally-responsible decisions regarding school closings.

Goal 3: The School District is accountable to the community; the community's confidence in the School District is restored.

Policies and guidelines address potential fraud

- The Ohio Dept. of Education determined that the School District's 2013-2014 testing and enrollment data showed no sign of tampering or mishandling. This means that the third grade reading scores and 10th grade graduation test scores are based on accurate and supportable data.
- CCS re-established a District Attendance & Accountability Team with specific staff members responsible for monitoring and reporting.
- Written instructions to principals regarding end-of-year data verification procedures were updated and documented.
- CCS established a Central Enrollment Center (opened in July, 2013), where all student enrollments and withdrawals take place.
- The School District created an online "Attendance Toolbox" for students, parents and the general public to use in understanding the School District's attendance policies, regulations, procedures and practices.

Reduction in administrative overhead

- Building closures resulted in the savings of approximately \$8,900,610.
- The School District saved more than \$1.2 million by moving two year-round schools back to traditional academic-year calendar.
- A benefit premium holiday accounted for \$6,575,464 in savings for the year.
- The elimination of COTA bus passes for ninth and tenth-grade students resulted in a savings of more than \$466,000.

Cost-savings measures are maintained and communicated

- Reduced Central Office Administrative positions.
- Reductions were made in Operations staffing and materials.
- Reductions were made in Academic Services staffing and support.
- Staff reductions were made in the Treasurer's office.
- Four under-utilized schools were closed.
- Two year-round schools were converted to a traditional calendar.

- New programs and monitoring systems resulted in the reduction in School District utility expenses.

Community Commitments are honored

- The Audit and Accountability Committee assists the Board of Education in fulfilling its responsibility to provide oversight and governance.
- The integrity of financial statements and other financial information reported by the School District is reviewed and shared with stakeholders.
- The School District's system of internal controls of the accounting and finance functions are monitored.
- The School District's operational compliance with legal and regulatory requirements is monitored.
- The School District established an Employee Code of Conduct and "Whistleblower" hotline in order to report waste, fraud or abuse.
- The School District undergoes an annual independent audit of the School District's financial statements.
- The School District's operations and controls are monitored by the Office of Internal Audit (Internal Auditor).

Standards that define high-performing schools are collaboratively developed

- CCS works with community partners, including Directions for Youth and Families, Nationwide Children's Hospital, The Buckeye Ranch, Boys and Girls Club, YMCA, Columbus Recreation and Parks to better serve families and provide wrap-around services.
- Partnerships include Communities in Schools, Diplomas NOW, City Year, and Project Key to assist in providing support to students in the School District.
- Social workers and counselors work with community agencies to link families with community resources.

Quarterly reporting to the community is provided

- This is one of our goals that we will concentrate on or redefine in 2014-2015.
- This is one of our goals that we will continue to enhance for 2014-2015.

SCHOOL DISTRICT DEMOGRAPHICS

K-12 Enrollment – 49,602

Ethnicity

- Asian – 3.04%
- Pacific Islander – .01%
- African American – 56.50%
- American Indian/Alaskan Native – .18%
- Hispanic – 8.85%
- Caucasian – 25.95%
- Multi-racial – 5.47%

Demographic Information

- Economically Disadvantaged – 78.53%
- Limited English Proficient – 13.48%
- Languages Spoken – 91
- Students with Disabilities – 16.63%
- Students Qualifying for Gifted Services – 12.81%

- Attendance Rate – 91.7%

FISCAL ACCOUNTABILITY

The School District's ability to effectively and efficiently manage resources in support of the schools is underscored by a strong track record of fiscal responsibility.

Over several levy cycles, the School District has made strategic budget reductions designed to account for lost revenues and modest requests for local levy dollars, while minimizing disruption to the classroom and positively impacting student learning.

The School District is committed to improved student achievement, with 78.55 percent of all School District General Fund dollars going to support students in the classroom. Direct student support includes textbooks and other educational materials, along with salaries and benefits for school-based staff.

The School District's financial forecast indicates that the School District kept the promises that were part of the 2008 approved levy. From 2009 to 2014, the average annual expenditure growth was approximately 2.25 percent, which largely includes school choice pass through payment annual increases. The School District continued to reduce budget growth at the end of fiscal year 2014 by approving almost \$50 million in budget reductions in order to avoid future deficits as long as possible. Since 2011 the School District has consistently maintained an average ending cash balance equal to 16 percent of total revenue and other financing sources.

FACILITIES IMPROVEMENTS

The 2013-14 school year saw the opening of three newly built schools, Cedarwood Elementary, Starling PreK-8, and Columbus Scioto 6-12 Schools, through the School District's Facilities Master Plan (FMP). These replacement structures represent a combined student capacity of 1,400 students and bring the count of new or renovated FMP learning centers to a grand total of 45. These new and renovated facilities were financed through a partnership with the Ohio School Facilities Commission (OSFC) and local funding from the successful passage of the Issue 3 bond issue in 2002 and the Issue 75 combined levy and bond issue in 2008.

The Stewart Elementary renovation will wrap up before the end of calendar year 2014 and students will return to their home on the edge of Schiller Park in January 2015. This historic renovation project will ensure the oldest operating school in the School District sees many continued years of service while also providing more classroom space, 21st century technology, a new gymnasium, and an expanded parking lot, playground, and green space. The Africentric Early College PreK-12 School project broke ground in July of 2014 bringing a much anticipated project one step closer to reality. An early utility relocation, site development, and athletics package of construction contracts have been awarded and are underway. By the end of calendar year 2014, construction contracts on the academic building for Africentric will be awarded, which will bring the 55 acre site fully under construction leading towards an anticipated completion of August 2016. Columbus Spanish Immersion Academy as well as Ecole Kenwood PreK-6 buildings are also in their final design phases and will be in construction in early 2015 with anticipated completion dates of August 2016. Work to convert the former Northgate building into swing space for Ecole Kenwood is underway and the site will open in January 2015 to allow the newly built school to remain at the current site on Shattuck Avenue. The Columbus Spanish Immersion Academy will be built on the site of the former Clinton Middle School building on Karl Road. Completion of these final 3 funded FMP projects will represent the completion of \$689,000,000 in construction of state of the art facilities with \$514 million from local community investment and \$175 million from the State of Ohio's OSFC.

As the funded FMP projects come closer to completion, the past year has brought a shift in focus for Capital Improvements from major school projects to smaller projects that fill other needs across the School District. The Central Enrollment Center on the Fort Hayes Campus opened for business in spring of 2013. The eastern portion of the building had significant work completed over the spring of 2014 to increase capacity and meet the needs for peak enrollment periods. In addition, a larger project to renovate the entire Central Enrollment Center was kicked off with selection of a consultant to lead the project to re-imagine how a central enrollment facility should function to meet the needs of our students, parents and staff. Consultant selection was also made for a project to renovate the former Moler Elementary building into a Transportation Center to support the newly acquired Frebis bus compound on the south side of Columbus. This planned facility will serve the transportation administration, training, and driver support needs of a department that manages the daily transportation of over 32,000 students.

Smaller projects to meet needs at school sites are also a priority. Projects initiated this year include new roofs at Northtowne, Cassady, and Northgate Elementary Schools, a new playground and parking lot renovations at Gables Elementary, boiler replacements, new baseball and softball fields for South High School at the former Deshler Elementary, and a project to correct erosion in the creek behind East Linden Elementary School. Through the careful management of proceeds made available through the sale of surplus real estate, Capital Improvements is working to provide the best value to the School District by strategically planning for the capital improvements needs of the School District.

SCHOOL DISTRICT ACCOMPLISHMENTS

A representative sample of noteworthy accomplishments from the 2013-2014 school year includes:

- October 11, 2013 - Easthaven ES teacher Jody Barnes was selected to join the National Education Association (NEA) Master Teacher Project. The project recruits the best teachers in the country to document and share what makes them effective.
- October 11, 2013 - CCS Gifted Coordinator Molly Beam was selected to participate in an intensive training and mentorship program sponsored by the National Association for Gifted Children (NAGC). The goal of the program is to improve effectiveness in working with gifted children from low-income populations.
- October 16, 2013 - Cedarwood Elementary School (a new building) was dedicated.
- October 16, 2013 - American Electric Power (AEP) Foundation announced the Credits Count program to help middle and high school students find pathways to pursue college and careers in STEM fields. The Foundation approved a \$5-million grant to Columbus State Community College to support five high schools and their feeder middle schools. The program aims to help students achieve their aspirations by preparing them to graduate high school ready for a career or with up to 12 college credits. The program is being introduced at West High School in the fall of 2014 and will expand to four additional high schools over the next five years.
- October 24, 2013 - Columbus Scioto 6-12 School was dedicated.
- October 28, 2013 - Delta Dental presented OSU College of Dentistry with the final installment of a \$450,000 grant for the college's Dental H.O.M.E. Coach Program. The grant helps the Dental Coach bring dentists and dental treatment to CCS students during regular classroom hours.
- VSA Ohio, the state organization for Arts and Disabilities announced that five CCS Schools were among the 16 schools statewide selected for the Adaption, Integration and the Arts (AIA) residency program. AIA partners, artists and educators in inclusive classrooms to enhance teaching and learning through an arts-integrated curriculum.
- The Ingram-White Castle Foundation awarded grants to nine CCS teachers for the 2013-2014 school year. Grants are awarded to support programs that serve disadvantaged students and help them to achieve academic success.

- Georgian Heights Elementary School received the Leadership in Energy & Environmental Design (LEED) Gold Certification from the U.S. Green Building Council. The certification identifies the Georgian Heights building as a leader of sustainable design.
- November 7, 2013 - The National Education Association (NEA) Foundation announced that it would renew funding of a multi-year grant to CCS, CEA, and the United Way of Central Ohio. The \$250,000 award will fund an additional year of its action plan to develop and implement policy and practice to improve student achievement.
- January 9, 2014 - Northland High School Senior Nathan Harris was named the 2014 National Society of Black Engineers (NSBE) Golden Torch Award (GTA) honoree for Pre-College Initiative (Male) Student of the Year.
- January 14, 2014 – Three CCS high school students competed in the 19th Annual District 11 Veterans of Foreign Wars (VFW), The Voice of Democracy Program National Audio/Essay Competition.
- Twelve Columbus City School District (CCS) seniors were among 230 Ohio students to receive the Honda/OSU Math Medal Award from a partnership between Honda of America Manufacturing, Inc. and The Ohio State University.
- In early January the School District “rolled out” its *Books on the Bus* reading program as part of a District-wide reading initiative to encourage students to use their travel time to and from school reading to themselves, friends, or just listening to others read.
- January 24, 2014 - Columbus City School District received a donation in the amount of \$1,377,444 from the Verna Mills trust and the Donald W. Skelton estate, both former teachers with the School District.
- February 2014 - Columbus Alternative High School (CAHS) was selected by the National Association of Secondary School Principals (NASSP) and the Center for Secondary School Redesign (CSSR) to present at the Breaking Ranks 2014 School Showcase in Dallas, Texas, as part of the 2014 NASSP annual conference.
- The Columbus Board of Education selected former Columbus City Councilwoman, Mary Jo Hudson to fill the vacancy created by retiring board member and president, Carol L. Perkins.
- Columbus City School District Senior Executive Director of Facilities Management, Carole J. Olshavsky, FAIA, was the recipient of the 2014 Thomas Jefferson Award for Public Architecture, under Category Two from the American Institute of Architects (AIA).
- March 2014 - The Ohio Auditor of State completed the annual audit of Columbus City Schools. The report found the School District was free of material misstatements and weaknesses or significant deficiencies in the School District’s financial statements.

- Columbus North International High School Principal Ameer Kim El-Mallawany received the Outstanding Administrator in Support of World Language Award. Given by the Ohio Foreign Language Committee, El-Mallawany was recognized for his strong support of world language in an educational setting.
- Out of 13 students selected from across Ohio, six Columbus City School District seniors were selected as Gates Millennium Scholars.

FINANCIAL TRENDS

For fiscal year 2014, the School District's GAAP basis expenses did not exceed its general revenues and program revenues, primarily due to the School District making annual debt payments with no new debt issued, as well as continued construction on its new facilities. The School District intends to continue monitoring its revenue and expenditure streams in order to provide consistency as enrollment fluctuates.

FINANCIAL OUTLOOK AND FINANCIAL PLANNING

FINANCIAL OUTLOOK

Economic Environment Affecting Forecast Variables –State Economy

It is important in long range forecasting to consider the economic framework in which projections of revenues are made. Below is significant statewide economic data which suggests that the economy for the fiscal years 2015-2019 period is growing moderately and has recovered from the Great Recession of 2008. It is important for our School District to consider the statewide economic data for two reasons. One, our state funding is directly affected by state revenue collections. The effects of the recession on the economy at the state level created a budget deficit which required the State of Ohio to make nearly \$8 billion in reductions in the fiscal years 2012 and 2013 state biennium budget which translated into flat funding and/or funding reductions for nearly every school district in Ohio. Second, the same economic forces which are driving the recovery of state tax revenues are also likely affecting the underlying economics of most communities in Ohio which directly impacts the ability to collect local tax revenue. Generally speaking, local school district economic viability is tied to the same fundamental economics that drive the state's economic viability.

State of Ohio revenues through fiscal year 2014 have recovered and exceeded fiscal year 2008 total tax revenue levels. The two significant contributors to the economic recovery continue to be personal income taxes and sales and use taxes. The decline in personal income tax of (\$1.442) billion and corporate franchise taxes of (\$273.3) million is due to HB59's across-the-board reductions in income and corporate franchise tax rates which began in fiscal year 2014.

The recovery of the labor market which began in 2010 continued in 2014 as noted in both personal income tax and sale tax collections. The above State revenue is a clear indication that the economy has recovered and that there is economic growth in the state. Another indication that the State of Ohio has achieved solid footing economically is the accumulation of reserves in the State Rainy Day Fund (RDF). The recession depleted the RDF in fiscal year 2009. Fiscal year 2011, began the recovery of the economy and enabled the state to contribute excess revenues to the RDF. The RDF balance in fiscal year 2014 has reached an all-time record high

deposit of \$1.478 billion and will exceed the funds statutory target balance in fiscal year 2015 based on expenditure estimates. This cushion should continue to help ensure that funding for schools approved in the recent state biennium budget HB59 will be met through fiscal year 2015 and could be continued into the future if a brief pull back in the economy occurs over the next few years.

The State of Ohio's unemployment rate hit 5.5 percent in June 2014. The last time it was at this level was in April 2007. Over the past 12 months the unemployment rate dropped 1.9 percent as 46,800 new jobs were created. This is a significant measure to monitor for continued economic growth and viability. As noted above personal income taxes and sales tax are highly correlated and have been the two major drivers of the recent recovery. As of June 2014, the unemployment rate in Franklin County was 4.9 percent which is below the 5.5 percent state average.

Overall, we believe the economic recovery of the state is stable and the economy is clearly showing improvement. This should provide a stable basis for which to make projections of state revenues to the School District as noted in HB59 through fiscal year 2015 and continuing through fiscal year 2019 in future state budgets. The improving labor market is also providing for a recovery in property tax collections in this forecast by: 1) stabilizing or slowing declining property values; 2) increasing current property tax collections; and 3) increasing prior delinquent tax collections.

Updated October 2014 Forecast

Our financial forecast is laden with risks and uncertainty not only due to economic uncertainties but also due to volatility of the legislative changes that will be happening the spring of 2015 due to deliberation of the next state biennium budget for fiscal year 2016 & fiscal year 2017. We have estimated revenues and expenses based on the best data available to us at the time of this forecast. The items below give a short description of the current issues and how they may affect our forecast long term:

I. Franklin County will go through a reappraisal update in the 2014 tax year to be collected in fiscal year 2015. We expect values in our School District to increase slightly as property values are starting to recover in our state. There is however some risk that the School District could sustain another reduction in values but we do not anticipate that at this time.

II. The State Budget represents nearly 45 percent of School District revenues. It is clearly a significant area of risk. The risk comes in fiscal year 2016 and beyond if the State economy worsens or if the State funding formula is changed in a way that reduces funds to our School District.

III. The State Budget greatly reduced Tangible Personal Property (TPP) fixed rate reimbursements to the School District in fiscal year 2012 and fiscal year 2013. HB153, the fiscal year 2012-2013 State Budget bill, promised to pay highly reliant districts like ours the TPP reimbursement at the fiscal year 2013 level into the future. HB59, the current State Budget bill, continues this reimbursement through fiscal year 2015. There is uncertainty beyond fiscal year 2015 as to the State's commitment to keep its promise to continue the reimbursements to our School District considering the reductions that have already taken place. We are currently estimating that this reimbursement will be maintained at current levels of approximately \$29.5M annually. The state currently spends \$482 Million statewide to fund the TPP reimbursements.

The risk of TPP funds being eliminated in future state budgets is a significant risk factor to our School District.

IV. There are many provisions in the current State Budget bill HB59 that will increase the School District expenditures in the form of expanded EdChoice Scholarships in the 2016-17 school years and the new Income Base-Based Voucher Program in fiscal year 2014. The School District anticipates spending \$20.5M on vouchers including the Peterson special education voucher and the Autism voucher. These are examples of new choice programs that cost the School District money. Expansion or creation of programs such as these could expose the School District to new expenditures that are not currently in the forecast. We are monitoring any new threats to our state aid and increased costs very closely.

V. Patient Protection and Affordable Care Act (PPACA) – This program was approved March 23, 2010 along with the Health Care and Education Reconciliation Act. Many of the provisions of this federal statute were supposed to be implemented January 1, 2014 but were delayed by the IRS on July 2, 2013 until January 1, 2015. We are aware of additional taxes that will be assessed on the School District starting on January 1, 2015, which could increase costs by as much as 2 percent. Rules for the PPACA are in flux at this time and we are tracking them closely. Future uncertainty over rules and implementation of PPACA is a risk.

VI. HB59 eliminated the Rollback exemption on any future new or replacement levy. This means that should the School District place a new levy on the ballot, taxpayers will no longer receive the 12.5 percent reduction as they do now on current levies. This could make passing any new levy more difficult and results in a shift of the tax burden from the State of Ohio onto local taxpayers.

FINANCIAL PLANNING

The School District annually prepares a five-year financial forecast to ensure long-term financial success. The five-year financial forecast is prepared and approved by the Board in October and May of each fiscal year. The five-year financial forecast provides actual data on each major revenue and expenditure category for the past three fiscal years and forecasts these same categories for an additional five fiscal years.

The five-year financial forecast is a planning tool used to certify if funds are available for future expenditures and additionally to strategize when the School District will need to return to voters for additional funds or reduce expenditures accordingly. The five-year financial forecast is published on the Ohio Department of Education's website for public use.

OTHER INFORMATION

INDEPENDENT AUDIT

The Basic Financial Statements of the School District are audited by the School District's independent auditor, Dave Yost, Auditor of State. The Independent Auditor's Report is included in the financial section of this report.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Columbus City School District for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2013. This was the fourteenth consecutive year that the School District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We are submitting our current CAFR to GFOA to determine its eligibility for another certificate as we believe our current report conforms to the Certificate of Achievement Program's requirements.

CERTIFICATE OF EXCELLENCE

The Columbus City School District received the Association of School Business Officials International (ASBO) Certificate of Excellence in Financial Reporting for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2013. This was the fourteenth year that the School District has received this award. This award certifies that the report substantially conforms to the principles and standards of financial reporting as recommended and adopted by the Association of School Business Officials International. An expert ASBO Panel of Review consisting of certified public accountants and practicing school business officials grants the award only after an intensive review of financial reports. Receiving the award is recognition that a school system has met the highest standards of excellence in school financial reporting. A Certificate of Excellence is valid for a period of one year only. We are submitting our current CAFR to ASBO, as we believe that our current report conforms to the Certificate of Excellence Program requirements.

ACKNOWLEDGEMENTS

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff of the Treasurer's Office. We want to express our appreciation to all who assisted and contributed to its preparation.

We also thank the members of the Board for their interest and support in planning and conducting the financial operations of the School District in a fiscally responsible and progressive manner.

INDEPENDENT AUDITOR'S REPORT

Columbus City School District
Franklin County
270 East State Street
Columbus, Ohio 43215

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Columbus City School District, Franklin County, Ohio (the School District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Columbus City School District, Franklin County, Ohio, as of June 30, 2014, and the respective changes in financial position thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the School District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2014, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

THIS PAGE INTENTIONALLY LEFT BLANK

Columbus City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
Unaudited

The discussion and analysis of the Columbus City School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the transmittal letter, financial statements, and notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

- ☐ In total, net position increased \$83,639,480 from the prior fiscal year.
- ☐ General revenues accounted for \$775,489,487. Program specific revenues in the form of charges for services and sales, grants, and contributions accounted for \$156,650,206. Total revenues for the School District were \$932,139,693.
- ☐ The School District had \$848,500,213 in expenses related to governmental activities; only \$156,650,206 of these expenses were offset by program specific charges for services and sales, grants, and contributions. General revenues (primarily grants and entitlements and property taxes) of \$775,489,487 were adequate to provide for these programs.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Columbus City School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's major funds with all other nonmajor funds presented in total in one column.

Reporting the School District as a Whole

One of the most important questions asked about the School District is “How did we do financially during fiscal year 2014?” The Statement of Net Position and the Statement of Activities, which appear first in the School District’s financial statements, report information on the School District as a whole and its activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the School District’s net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District’s property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District has only one kind of activity:

Governmental Activities – All of the School District’s programs and services are reported here including instruction, support services, extracurricular activities, and operation of non-instructional services.

Reporting the School District’s Most Significant Funds

Fund Financial Statements

The analysis of the School District’s major funds begins on page nine. Fund financial reports provide detailed information about the School District’s major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District’s major funds, which are the General Fund, the Debt Service Fund, the Building Capital Projects Fund, and the Classroom Facilities Capital Projects Fund.

Columbus City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
Unaudited

Governmental Funds – Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using the accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds – The School District's only fiduciary funds are a private purpose trust fund and agency funds. All of the School District's fiduciary assets are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the School District's other financial statements because the School District cannot use these assets to finance its operations. The School District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Fiduciary funds use the accrual basis of accounting.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position for fiscal year 2014 and fiscal year 2013:

| Restricted | 185,308,695 | 173,920,649 | 11,388,046 |
| Unrestricted | 283,887,334 | 214,158,366 | 69,728,968 |
| <i>Total Net Position</i> | <u>\$679,793,235</u> | <u>\$596,153,755</u> | <u>\$83,639,480</u> |

Overall, a significant decrease occurred within total assets from the prior fiscal year. Current and other assets decreased \$20,803,773. The largest decrease occurred in cash and cash equivalents and investments due to capital outlay expenditures exceeding revenues as part of the Ohio School Facilities Commission Accelerated Urban Assistance Program. Capital Assets, Net increased by \$15,010,289 primarily due to the continued construction of new facilities by the School District through the Ohio School Facilities Commission Accelerated Urban Assistance Program.

Total Liabilities of the School District decreased \$63,194,641 from the prior fiscal year. Other Liabilities decreased due to accrued wages and benefits, intergovernmental payable, and matured compensated absences. Accrued wages and compensated absences decreased due to turnover in staff, which resulted in less experienced staff being employed and fewer days were accrued for administrative staff. The reduction in accrued wages also reduced the intergovernmental payable liability due to the School District paying less for employee's retirement. The reduction in matured compensated absences related to fewer retirements in 2014. Long-Term Liabilities demonstrated a decrease as a result of the School District making annual debt payments and not issuing any new debt.

Columbus City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
Unaudited

Total Net Position increased \$83,639,480 from the prior fiscal year. Unrestricted Net Position increased by \$69,728,968, due to the School District reducing expenditures as a result of the failure of the levy in November 2013.

Table 2 shows the changes in net position for fiscal years 2014 and 2013:

| | 2014 | 2013 | Increase/ (Decrease) |
|---|----------------------|----------------------|-------------------------|

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
Unaudited

Program revenues, which are primarily represented by charges for tuition, fees, sales, and extracurricular activities, as well as restricted intergovernmental revenue were \$156,650,206 for fiscal year 2014, which is an immaterial increase of less than one percent.

As previously mentioned, general revenues were \$775,489,487 for fiscal year 2014. The majority of these revenues are in the form of Grants and Entitlements not Restricted to Specific Programs and Property Taxes. A significant increase occurred within Grants and Entitlements due to an increase in State and Federal grants. Property Taxes increased significantly as a result of an increase in amounts available as advances in fiscal year 2014. TIF revenues increased due to an increase in collections and the addition of new TIF arrears. Gain on Sale of Capital Assets general revenue decreased due to the School District not selling any land in fiscal year 2014.

As should be expected, instruction costs represent the largest of the School District's expenses for fiscal year 2014. Expenses overall showed a significant decrease from the prior fiscal year, a result of the School District's ongoing spending reductions.

The Statement of Activities shows the cost of program services and the charges for services and sales and grants and contributions, including interest, offsetting those services. That is, it identifies the cost of these services supported by tax revenue and unrestricted grants and entitlements. The dependence upon tax revenues and intergovernmental foundation monies is apparent. The community and the State of Ohio, as a whole, provide the vast majority of resources for Columbus City School District students.

The School District's Funds

Information about the School District's major funds starts on page 16. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$930,296,809 and expenditures of \$885,504,121.

The General Fund balance increased \$64,461,726. This was primarily due to the School District experiencing an increase in property taxes, TIF's and intergovernmental revenue. Expenditures decreased significantly as the School District continues to practice cost containment efforts and monitoring of expenditures.

The Debt Service Fund balance increased \$3,159,830 due to an increase in property taxes revenue.

The Building Capital Projects Fund decreased \$5,612,308 due to the continued progress with the construction of new facilities.

The Classroom Facilities Capital Projects Fund balance decreased \$9,232,169. This decrease was primarily due to the continued progress with the construction of new facilities.

General Fund - Budget Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2014, the School District revised its budget as it attempted to deal with unexpected changes in revenues and expenditures. However, all changes were insignificant.

The School District's ending unobligated cash balance was \$60,129,106 above the final budgeted amount. This was due to the School District's monitoring of expenditures and cost containment efforts.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2014, the School District had \$680,558,105 invested in capital assets (net of accumulated depreciation). Additions to capital assets primarily consisted of land and construction of School District buildings related to ongoing Ohio School Facilities projects, in addition to various building improvements, furniture and equipment, and vehicles. Disposals for the fiscal year were buildings and equipment. For further information regarding the School District's capital assets, refer to Note 8 in the Notes to the Basic Financial Statements.

Debt

At June 30, 2014, the School District had \$510,933,630 in outstanding long-term general obligation debt, which includes serial, term, and capital appreciation bonds as well as the accretion on the capital appreciation bonds. The School District's long-term liabilities also include bond premiums.

At June 30, 2014, the School District's overall legal debt margin was \$371,149,055 with an unvoted debt margin of \$8,972,713 and an energy conservation legal debt margin of \$79,979,417. The debt is well within permissible limits.

For further information regarding the School District's debt obligations, refer to Note 14 in the Notes to the Basic Financial Statements.

Current Issues

The State economy is emerging from a record-making recession. The effects of the recession on the national, State, and local economy created a State deficit which required the State of Ohio to make nearly \$8 billion in reductions in the fiscal years 2012 and 2013 biennium budget which translated into funding reductions for nearly every school district in Ohio. However, at this time the School District is starting to notice a turnaround in the state fiscal stability and fiscal framework for financial projections.

Findings of the analysis purport that the State of Ohio Tax Revenues through fiscal year 2014 have recovered and exceeded fiscal year 2008 total tax revenue levels. The two significant contributors to the economic recovery are personal income taxes and sales and use taxes. The recovery of the labor market will continue to be a significant factor to watch in determining if the recovery of the last two fiscal years will continue.

Although the economic recovery is underway in Ohio, it will likely take several more years before School District revenues are more predictable. We are in the second fiscal year of the new State funding formula. This new funding distribution will be effective through fiscal year 2015. Approximately 37 percent of the School District's General Fund revenue derived from the State Foundation formula and is, thus, very significant to the School District. We project to receive a 10.5 percent increase over fiscal year 2014 funding in fiscal year 2015.

The final key economic measure we looked at was the unemployment rate. This is a significant measure to monitor for continued economic viability of the recovery. As noted above personal income taxes and sales tax are highly correlated and have been two major drivers of the recent recovery. As of June 2014, the unemployment rate in Ohio stood at 5.5 percent. The last time it was at this level was in April 2007. In Franklin County, the rate was 4.8 percent at June 2014 which is below the 5.5 percent state average.

It was anticipated that the School District would place a local levy on the ballot in November 2012. However, this did not come to fruition and was defeated when it was placed before the voters in November 2013. Therefore, it is likely that the School District will need to consider placing a levy onto the ballot in the future for more funds to compliment the vast reductions made in fiscal year 2014 and fiscal year 2015.

In 2001, the Ohio School Facilities Commission (OSFC) assessed every Columbus school and determined that all schools needed to be modernized. The seven-segment Facilities Master Plan (FMP) provides a working blueprint for this process. By June 2014, 45 district schools in Segments 1, 2 and 3 of the FMP have been replaced or renovated.

Columbus City School District has committed itself to financial excellence for many years. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Columbus City School District for its Comprehensive Annual Financial Report for the fiscal years ended June 30, 2000 through 2013. The Columbus City School District received the Association of School Business

Columbus City School District
*Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
June 30, 2014*

| | |
|---|----------------------|
| Total Governmental Fund Balances | \$481,041,750 |
|---|----------------------|

***Amounts reported for governmental activities in the
Statement of Net Position are different because:***

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

| | | |
|--------------------------|---------------|--------------------|
| Land | 32,486,701 | |
| Construction in progress | 69,734,633 | |
| Other capital assets | 968,801,017 | |
| Accumulated depreciation | (390,464,246) | |
| | | |
| Total | | 680,558,105 |

Some of the School District's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenue in the funds.

| | | |
|---------------------------|------------|-------------------|
| Delinquent property taxes | 64,131,004 | |
| Intergovernmental | 31,052,481 | |
| Accounts | 229,391 | |
| Accrued interest | 145,456 | |
| | | |
| Total | | 95,558,332 |

| | |
|--|-------------|
| In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. | (1,785,666) |
|--|-------------|

| | |
|---|---------|
| Deferred outflows of resources include deferred charges on refunding which do not provide current financial resources and, therefore are not reported in the funds. | 344,143 |
|---|---------|

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

| | | |
|--------------------------|---------------|----------------------|
| General obligation bonds | (482,206,794) | |
| Premium on bonds | (28,726,836) | |
| Workers' compensation | (11,248,591) | |
| Compensated absences | (53,741,208) | |
| | | |
| Total liabilities | | (575,923,429) |

| | |
|---|------------------------------------|
| <i>Net Position of Governmental Activities</i> | <u><u>\$679,793,235</u></u> |
|---|------------------------------------|

Columbus City School District
*Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2014*

Net Change in Fund Balances - Total Governmental Funds \$45,117,056

***Amounts reported for governmental activities in the
Statement of Activities are different because:***

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

| | | |
|--|--------------|------------|
| Capital assets additions | 19,607,081 | |
| Construction in progress additions | 15,665,859 | |
| Depreciation expense | (19,900,009) | |
| | | |
| Excess of capital outlay over depreciation expense | | 15,372,931 |

The proceeds from the sale of capital assets are reported as revenue in the governmental funds. However, the cost of capital assets is removed from the capital assets account in the Statement of Net Position and offset against the proceeds from the sale of capital assets resulting in a gain or loss on the sale of capital assets in the Statement of Activities.

| | | |
|--------------------------------------|-----------|-----------|
| Proceeds from sale of capital assets | (324,368) | |
| Loss on sale of capital assets | (38,274) | |
| | | |
| Total | | (362,642) |

Because some revenues will not be collected for several months after the School District's fiscal year ends, they are not considered "available" revenues and are therefore recorded as deferred inflows of resources in the governmental funds.

Deferred inflows of resources changed by these amounts this fiscal year:

| | | |
|---------------------------|-----------|-----------|
| Delinquent property taxes | (857,414) | |
| Intergovernmental | 2,572,841 | |
| Investment Earnings | 11,047 | |
| Grants cancelled | (185,202) | |
| Miscellaneous | 116,410 | |
| | | |
| Total | | 1,657,682 |

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current fiscal year, these amounts consist of:

| | |
|---|------------|
| General obligation bonds principal payments | 16,330,000 |
|---|------------|

Accretion and amortization of bond premiums, the deferred loss on refunding debt, as well as accrued interest payable on the bonds are not reported in the funds, but are allocated as an expense over the life of the debt in the Statement of Activities

| | | |
|-----------------------------------|-------------|-------|
| Decrease in accrued interest | 70,419 | |
| Accretion on bonds | (1,351,195) | |
| Amortization of premium on bonds | 1,789,531 | |
| Amortization of loss on refunding | (505,568) | |
| | | |
| Total | | 3,187 |

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

| | | |
|--|-----------|-----------|
| Decrease in compensated absences payable | 4,269,932 | |
| Decrease in workers' compensation claims payable | 1,251,334 | |
| | | |
| Total | | 5,521,266 |

| | |
|---|----------------------------|
| <i>Change in Net Position of Governmental Activities</i> | <u>\$83,639,480</u> |
|---|----------------------------|

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

NOTE 1 – DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Columbus City School District, Franklin County, Ohio (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The School District is a city district as defined by Section 3311.02 of the Ohio Revised Code. The School District operates under a locally elected Board of Education (seven members) and is responsible for the provision of public education to residents of the School District. The School District also provides vocational (job training) education for residents of the School District.

The School District serves an area of approximately 116 square miles. It is staffed by 2,368 non-certificated employees, 3,834 certificated personnel and 276 administrative employees who provide services to 49,602 students and other community members. The School District currently operates 115 instructional buildings, three bus compounds, two maintenance service buildings, and 10 administration buildings.

Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service, student guidance, extracurricular activities, educational media, care and upkeep of grounds and buildings of the School District, and other appropriate areas.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Columbus City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the School District, except for fiduciary funds. The government-wide financial statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type; however, the School District has no business-type activities.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories; governmental and fiduciary.

Governmental Funds:

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General Fund – This fund is the operating fund of the School District and is used to account for and report all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Debt Service Fund – This fund is used to account for and report the accumulation of resources restricted for, and the payment of, general obligation bond principal and interest and certain other long-term obligations when the School District is obligated for the payment.

Building Capital Projects Fund – This fund is used to account for and report all transactions restricted for constructing improvements, renovations and additions to the School District's buildings, including equipment, furniture and fixtures.

Classroom Facilities Capital Projects Fund – This fund is used to account for and report grants restricted for constructing improvements, renovations and additions to the School District's buildings, including equipment, furniture and fixtures.

The other governmental funds of the School District account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose. The School District's permanent nonmajor fund is a fund used to account for donations/contributions where the principal balance is non-expendable and the interest can only be used for public school services.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Fiduciary Funds:

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's only fiduciary funds are a private purpose trust fund which accounts for contributions received for scholarship programs and two agency funds which account for student managed activity programs and the Ohio High School Athletic Association tournament.

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is reported using the flow of economic resources measurement focus.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the fiduciary fund are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means that the amount of the transaction can be determined, and "available" means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, payments in lieu of taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes and payments in lieu of taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance, grants, investment earnings, and miscellaneous.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources include a deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and revenue in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2014, but which were levied to finance fiscal year 2015 operations. These amounts have been recorded as a deferred inflow on both the government-wide Statement of Net Position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds Balance Sheet, and represents receivables which will not be collected within the available period.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

For the School District, unavailable revenue includes delinquent property taxes, intergovernmental revenue, investment earnings and miscellaneous revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Cash and Cash Equivalents

Cash received by the School District is deposited into one of several bank accounts with individual fund integrity being maintained through the School District's records for cash that is pooled. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements. The School District has monies related to the Ohio School Facilities Commission Project and the School District's local share of the project invested separately from the School District's internal investment pool. These amounts are presented as "Cash and Cash Equivalents" and "Investments" on the financial statements. The School District holds money in a sinking fund to be used for the payment of the 2011 School Improvement Bonds. The balance in this account is presented on the financial statements as "Cash and Cash Equivalents with Fiscal Agents" on the financial statements. The School District also has amounts in escrow accounts to hold retainage amounts still owed to contractors. These amounts are presented as "Restricted Assets: Cash and Cash Equivalents With Escrow Agent."

During fiscal year 2014, the School District's investments included STAROhio, negotiable certificates of deposit, U.S. Government and U.S. Government Agency Securities, a mutual fund, and commercial paper. Investments are reported at fair value which is based on quoted market prices.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's net asset value per share which is the price the investment could be sold for at June 30, 2014.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of investment earnings. Investment earnings credited to the General Fund during fiscal year 2014 amounted to \$665,994, which includes \$317,814 assigned from other School District funds.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions. Restricted assets in the Debt Service Fund represent monies held with a fiscal agent in a sinking fund for debt service payments related to the 2011 School Improvement Bonds. Restricted assets in the Building Capital Projects Fund and Classroom Facilities Capital Projects Fund represent monies held in an escrow account that is still owed to contractors for work completed relating to the school construction project.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivable/Payable". Interfund balances are eliminated in the Statement of Net Position.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2014, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventories consist of materials and supplies held for consumption and donated commodities held for resale.

Capital Assets

All capital assets of the School District are general capital assets that are associated with governmental activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of \$5,000 for furniture, equipment, and vehicles. For construction in progress, land improvements, and

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

building improvements, the School District maintains a capitalization threshold of \$50,000. The capitalization threshold for land and buildings is zero dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Description</u> | <u>Estimated Lives</u> |
|----------------------------|------------------------|
| Land Improvements | 10 - 40 years |
| Buildings and Improvements | 5 - 100 years |
| Furniture and Equipment | 3 - 30 years |
| Vehicles | 3 - 25 years |

Compensated Absences

Vacation and personal leave benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absences liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees will be paid.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences and claims that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Bonds that will be paid from governmental funds are recognized as an expenditure and liability in the governmental fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. This includes the corpus of the permanent fund which is required to be maintained intact.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by the highest level of formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education. The Treasurer has been given authority to assign amounts for these purposes by the School District Board of Education.

The Treasurer assigned fund balance to cover a gap between estimated revenue and appropriations in the 2015 appropriated budget.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The expendable and non-expendable portions of the Permanent Fund's net position is based upon external restrictions imposed by donors whereas the expendable portion of net position must be used for School District purposes and the non-expendable portion must be retained intact by the School District.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers and are eliminated from the Statement of Activities. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Budgetary Process

All funds, other than the agency funds, are legally required to be budgeted and appropriated. Certain special revenue funds did not adopt budgets as no cash activity was anticipated and none occurred. Advances are unbudgeted by the School District. The major documents prepared are

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

the tax budget, the appropriation resolution and the certificate of estimated resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts reflect the amounts in the amended certificate in effect at the time the final appropriations were passed.

The appropriations resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year, including all supplemental appropriations.

Bond Premiums and Compounded Interest on Capital Appreciation Bonds

For governmental activities, bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Capital appreciation bonds are accreted each fiscal year for the compounded interest accrued during the fiscal year. Bond premiums and the compounded interest on the capital appreciation bonds are presented as an addition to the face amount of the bonds payable.

On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds were issued. Accretion on the capital appreciation bonds is not reported. Interest on the capital appreciation bonds is recorded as an expenditure when the debt becomes due.

Deferred Charge on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This deferred amount is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method and is presented as deferred outflows of resources on the Statement of Net Position.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – ACCOUNTABILITY

At June 30, 2014, the following funds had deficit fund balances:

| <u>Fund Name</u> | <u>Amount</u> |
|---|---------------|
| Special Revenue Funds: | |
| Straight A Fund | \$366,667 |
| Miscellaneous State Grants | 2,458 |
| Race to the Top | 3,469 |
| Transition Program for Refugee Children | 22,527 |
| Early Childhood Special Education, IDEA | 391 |

The deficits in all other fund balances were due to accruals in GAAP. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 4 – BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budget Basis) is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Advances In and Advances Out are operating transactions (budget basis) as opposed to Balance Sheet transactions (GAAP basis).
4. Encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

5. Investments are recorded at fair value (GAAP basis) rather than cost (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

| Net Change in Fund Balance | |
|---|------------------------------|
| GAAP Basis | \$64,461,726 |
| Adjustments: | |
| Revenue Accruals | (29,908,687) |
| Expenditure Accruals | (32,637,810) |
| Advances | (3,398,210) |
| Encumbrances | (14,510,495) |
| Decrease in Fair Value of Investments - 2013 | (173,760) |
| Decrease in Fair Value of Investments - 2014 | 4,403 |
| Budget Basis | <u><u>(\$16,162,833)</u></u> |

NOTE 5 – DEPOSITS AND INVESTMENTS

Monies held by the School District are classified by State Statute into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio Local Governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above;
7. The State Treasurer's investment pool (STAROhio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits:

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year-end, \$153,026,620 of the School District's pooled bank balances of \$163,824,074 were exposed to custodial credit risk because they were uninsured and collateralized with securities held by the pledging financial institution. Also, at fiscal year-end, \$1,544,024 of the School District's Classroom Facilities Capital Projects Fund's specific balance of \$1,554,899, and \$583,339 of the School District's Building Capital Projects Fund's specific balance of \$589,183 was exposed to custodial credit risk because they were uninsured and collateralized with securities held by the pledging financial institution.

The School District's policy is to deposit monies with financial institutions that are able to abide by the laws governing insurance and the collateral of public funds. Ohio law requires that deposits either be insured or protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Investments: As of June 30, 2014, the School District had the following investments. All investments, except those relating to the Ohio School Facilities Commission Project and the School District's local share of the project, are in an internal investment pool.

| | Fair Value | Investment Maturities in Years | | | | S&P's/ Moody's Rating | Percent of Total Investments |
|--|----------------------|--------------------------------|---------------------|----------------------|---------------------|-----------------------------|------------------------------------|
| | | Less than 1 | 1 - 2 | 3 - 4 | 5 | | |
| STAROhio | \$6,559,522 | \$6,559,522 | \$0 | \$0 | \$0 | AAAm | N/A |
| Negotiable Certificates of Deposit | 8,667,885 | 0 | 5,207,143 | 2,723,889 | 736,853 | N/A | 3.34% |
| Federal Farm Credit Bank Bonds | 19,595,574 | 2,003,995 | 10,495,355 | 6,397,140 | 699,084 | Aaa | 7.55% |

Interest Rate Risk: As a means of limiting its exposure to fair value losses caused by rising interest rates, the School District attempts, to the extent possible, to match investments with anticipated cash flow requirements. Unless matched to a specific obligation or debt of the School District, the School District will not directly invest in securities maturing more than five years from the date of investment. The School District does not have a formal policy regarding interest rate risk.

Credit Risk: The Standard and Poor's or Moody's rating of the School District's investments is listed in the table above. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The Toyota Motor Credit Company Discount Commercial Paper is rated A1+/P1 by Moody's and Standard and Poor's. The General Electric Capital Commercial Paper is rated A1+/P1 by Moody's and Standard and Poor's. The School District's investment policy limits investments to those authorized by State statute which restricts investments to those that are highly rated or issued by United States Government sponsored enterprises.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the School District's securities are either insured and registered in the name of the School District or at least registered in the name of the School District. The School District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The School District's investment policy places no limit on the amount it may invest in any one issuer. The percentage that each investment represents of the total investments is listed in the table preceding.

In addition to deposits and investments, the School District has insured and uncollateralized cash in the amount of \$1,972,995 being held by Huntington Bank. This cash is restricted in its use for debt payment of the 2011 School Improvement Bonds.

NOTE 6 – PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2014 represents collections of calendar year 2013 taxes. Real property taxes received in calendar year 2014 were levied after April 1, 2013, on the assessed value listed as of January 1, 2013, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2014 represents collections of calendar year 2013 taxes. Public utility real and tangible personal property taxes received in calendar year 2014 became a lien December 31, 2012, were levied after April 1, 2013, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The Franklin County Treasurer collects property taxes on behalf of all governments in the County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2014, are available to finance fiscal year 2014 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Accrued property taxes receivable includes real property and public utility property taxes that are measurable as of June 30, 2014, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit of deferred inflows – property taxes.

The amount available as an advance at June 30, 2014, was \$91,204,132 and is recognized as revenue: \$81,992,515 in the General Fund, \$8,390,780 in the Debt Service Fund and \$820,837 in the Classroom Facilities Maintenance Special Revenue Fund. The amount available as an advance at June 30, 2013, was \$58,663,234 and is recognized as revenue: \$52,556,391 in the General Fund, \$5,584,740 in the Debt Service Fund and \$522,103 in the Classroom Facilities Maintenance Special Revenue Fund.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis, the revenue has been reported as deferred inflows of resources – unavailable revenue.

The assessed values upon which fiscal year 2014 taxes were collected are:

| | 2013 Second- Half Collections | | 2014 First- Half Collections | |
|---|----------------------------------|----------------|---------------------------------|----------------|
| | Amount | Percent | Amount | Percent |
| Real Estate | \$8,723,415,730 | 97.35% | \$8,698,969,690 | 96.95% |
| Public Utility Personal | 237,826,130 | 2.65% | 273,743,320 | 3.05% |
| Total Assessed Value | <u>\$8,961,241,860</u> | <u>100.00%</u> | <u>\$8,972,713,010</u> | <u>100.00%</u> |
| Tax rate per \$1,000 of assessed valuation | \$76.15 | | \$76.00 | |

Payments in Lieu of Taxes

The School District is party to Tax Increment Financing (TIF) agreements. Municipalities, townships, and counties can enter into TIF agreements which lock in real property at its unimproved value for up to 30 years in a defined TIF district. Some TIF agreements also require the TIF government to allocate service payments to school districts and other governments to help offset the property taxes these governments would have received had the improvements to real property not been exempted. The service payments that the School District receives as part of TIF agreements are presented on the financial statements as Payments in Lieu of Taxes.

NOTE 7 – RECEIVABLES

Receivables at June 30, 2014, consisted of property taxes, payments in lieu of taxes, accounts, intergovernmental grants, accrued interest, and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

of State programs, and the current fiscal year guarantee of federal funds with the exception of the Ohio School Facilities Commission Grant monies and property taxes. Ohio School Facilities Commission Grant monies will be collected over the life of the construction of new facilities. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year. A summary of the principal items of intergovernmental receivables follows:

| | <u>Amount</u> |
|---|----------------------------|
| <u>Governmental Activities:</u> | |
| Ohio School Facilities Commission | |
| Accelerated Urban Assistance Program | \$7,439,815 |
| Title I | 12,287,015 |
| Title I - School Improvement, Stimulus A Grant | 4,125,049 |
| Title II-A, Improving Teacher Quality | 4,548,724 |
| Payments from Bureau of Workers' Compensation | 2,339,266 |
| Race to the Top Grant | 3,210,992 |
| Title III, LEP Grant | 748,601 |
| Title I, School Improvement Stimulus G Grant | 2,799,816 |
| Carl D. Perkins Grant | 498,251 |
| Special Education, Part B - IDEA Grant | 4,665,320 |
| Smaller Learning Communities | 8,466 |
| Adult Basic Literacy Education Grant | 123,102 |
| McKinney Vento Homeless Grant | 118,259 |
| Early Childhood Special Education, IDEA Grant | 77,013 |
| Title I-D, Delinquent Grant | 61,587 |
| Food Service Reimbursements | 2,556,095 |
| Charges/reimbursements from other governmental entities | 259,537 |
| City of Columbus | 1,828,457 |
| Title I, Neglected Grant | 66,278 |
| EL/Civics Grant | 45,388 |
| Early Childhood Education Grant | 56,051 |
| Alternative Challenge Grant | 27,694 |
| Straight A Grant | 634,833 |
| TQP Aspire Grant | 941,974 |
| Telecom E-Rate | 1,443,539 |
| Teaching American History | 35,156 |
| School Psychology Interns Grant | 12,274 |
| Total Intergovernmental Receivables | <u><u>\$50,958,552</u></u> |

During the fiscal year and in prior fiscal years, the School District was awarded grants in the amount of \$185,139,980 from the Ohio School Facilities Commission Accelerated Urban Assistance Program for the construction of new facilities.

| Total Depreciation Expense | <u><u>\$19,900,009</u></u> |

NOTE 9 – RISK MANAGEMENT

Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School District maintains comprehensive insurance coverage with private carriers for real property, building contents, vehicles, general liability, boiler and machinery, and builder's risk. Settled claims have not exceeded the coverage in any of the past three fiscal years. There has not been a significant reduction in coverage from the prior fiscal year.

Employee Health Care Benefits

The School District is self-insured for employee health care benefits, including prescription drug coverage, for all of its employees. The health care benefits program is currently administered by Medical Mutual of Ohio, which provides claims review and processing services. The prescription drug coverage is administered by Express Scripts. The self-insurance program is reported in the General Fund.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The liability for unpaid claims of \$8,936,000 reported in the General Fund at June 30, 2014, is based on the requirements of GASB Statement No. 10, “*Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*,” as amended by GASB Statement No. 30, “*Risk Management Omnibus*,” which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. Estimates were calculated based upon an independent actuarial evaluation of claims payable. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claims adjustment expenses.

Employees choosing the Medical Mutual Select and Medical Mutual Choice have an unlimited lifetime benefit. The School District does not purchase stop loss coverage and is, therefore, responsible for all claims within the plans’ limits.

Changes in claims activity for employee health care benefits for the past two fiscal years are as follows:

| | Balance at Beginning of Fiscal Year | Current Fiscal Year Claims | Claims Payments | Balance at End of Fiscal Year |
|------|---|----------------------------------|--------------------|-------------------------------------|
| 2013 | \$7,824,000 | \$100,320,147 | \$99,748,147 | \$8,396,000 |
| 2014 | 8,396,000 | 106,870,899 | 106,330,899 | 8,936,000 |

Ohio Bureau of Workers’ Compensation Retrospective Rating Program

The School District participates in the Ohio Bureau of Workers’ Compensation (the “Bureau”) Retrospective Rating Program. Under the retrospective rating program, the School District assumes a portion of the risk in return for a reduction in current premiums. Current limits for claims incurred in calendar year 2013 are \$300,000 per claim and 150 percent of the annual premium in the aggregate. Estimates of claim liabilities based on actuarial methods, for incurred claims as calculated by the Bureau for the cumulative retrospective rating period January 1, 2004, through December 31, 2014, total \$8,869,018 and are recorded in addition to an estimate for incurred but not reported (IBNR) claims totaling \$2,379,573 in the government-wide financial statements. The General Fund pays the workers’ compensation claims and then charges a percentage based upon historical information to each of the respective funds in the same year that the salaries are paid. The liability for the Workers’ Compensation Retrospective Rating Program is included within long-term liabilities in the Statement of Net Position for \$11,248,591.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The amounts reported in the government-wide financial statements at June 30, 2014, are based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues," as amended by GASB Statement No. 30, "Risk Management Omnibus," which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. Estimates were calculated based upon an independent actuarial evaluation of claims payable. This estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Settled claims have not exceeded the coverage in any of the past three fiscal years. There has not been a significant reduction in coverage from the prior fiscal year.

Changes in claims activity for the Workers' Compensation Retrospective Rating Program for the past two fiscal years are as follows:

| | Balance at Beginning of Fiscal Year | Current Fiscal Year Claims | Claims Payments | Balance at End of Fiscal Year |
|------|---|----------------------------------|--------------------|-------------------------------------|
| 2013 | \$15,719,658 | \$522,108 | \$3,741,841 | \$12,499,925 |
| 2014 | 12,499,925 | 1,865,541 | 3,116,875 | 11,248,591 |

NOTE 10 – DEFINED BENEFIT PENSION PLANS

School Employees Retirement System

Plan Description – The School District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2014, the allocation to pension and death benefits was 13.10 percent. The remaining 0.90 percent of the 14 percent employer contribution rate is allocated to the Medicare B and Health Care funds. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2014, 2013, and 2012 were \$14,862,304, \$13,849,310, and \$14,945,549, respectively. The full amount has been contributed for fiscal years 2014, 2013, and 2012.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

State Teachers Retirement System of Ohio

Plan Description – The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Ohio Revised Code Chapter 3307.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 11 percent for members and 14 percent for employers. The statutory maximum employee contribution rate was increased one percent each year beginning July 1, 2013, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2014, plan members were required to contribute 11 percent of their annual covered salary. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The School District's required contributions for pension obligations to STRS Ohio for the fiscal year ended June 30, 2014, 2013, and 2012 were \$41,195,752, \$42,250,786, and \$42,659,001, respectively. For fiscal year 2014, 82.82 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012.

Contributions made to STRS Ohio for the DC Plan for fiscal year 2014 were 873,286 made by the School District and \$686,153 made by the plan members. In addition, member contributions of \$799,163 were made for fiscal year 2014 for the defined contribution portion of the Combined Plan.

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2014, one member of the Board of Education has elected Social Security. The Board's liability is 6.2 percent of wages paid.

NOTE 11 – POSTEMPLOYMENT BENEFITS

School Employees Retirement System

Plan Description – The School District participates in two cost-sharing, multiple-employer defined benefit other postemployment benefit (OPEB) plans administered by the School Employees Retirement System (SERS) for non-certified retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For fiscal year 2014, 0.14 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for fiscal year 2014, this amount was \$20,250. During fiscal year 2014, the School District paid \$712,325 in surcharge.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2014, 2013, and 2012 were \$871,159, \$915,341, and \$2,391,558, respectively. The full amount has been contributed for fiscal years 2014, 2013, and 2012

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare Part B Fund. For fiscal year 2014, this actuarially required allocation was 0.76 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2014, 2013, and 2012 were \$862,241, \$806,968, and \$882,611, respectively. The full amount has been contributed for fiscal years 2014, 2013, and 2012.

State Teachers Retirement System of Ohio

Plan Description – The School District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2014, STRS Ohio allocated employer contributions equal to one percent of covered payroll to post-employment health care. The School District's contributions for health care for the fiscal years ended June 30, 2014, 2013, and 2012 were \$3,168,904, \$3,250,060, and \$3,281,462, respectively. For fiscal year 2014, 82.82 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012. The STRS Board voted to discontinue the current one percent allocation to the healthcare fund effective July 1, 2014.

NOTE 12 – EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Eligible classified employees and administrators earn 10 to 25 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, classified employees, and administrators earn sick leave at the rate of one and one-half days per month. Sick leave may be accumulated without limit for all employees. Upon retirement, payment is made for accumulated, unused sick leave up to a maximum number of days, depending upon length of service and the negotiated contract.

Insurance

The School District is self-insured for employee healthcare benefits for all its employees. Employees are provided with life insurance through Lincoln Financial Insurance Company, dental insurance through Delta Dental Plan of Ohio, and vision insurance through Vision Service Plan (VSP).

Deferred Compensation

School District employees may participate in the Ohio Public Employees Deferred Compensation Plan, NEA Value Builders, MetLife, AXA Equitable, ING, and Great American Life plans. These plans were created in accordance with Internal Revenue Code Section 457. School District employees are also permitted to participate in the 403b plans offered by many Board approved vendors. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

NOTE 13 – LEASES – LESSEE DISCLOSURE

During a prior fiscal year, the School District entered into noncancelable operating leases for the use of copiers. The lease agreements provide for a purchase of the copiers at fair market value at the end of the lease term. Operating lease payments are reported as function expenditures in governmental funds and on budgetary statements. Total operating lease payments for fiscal year 2014 totaled \$321,005 in the General Fund.

The following is a schedule of the future minimum lease payments

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| Fiscal Year Ending June 30, | Total Payments |
|--------------------------------|-------------------|
| 2015 | \$321,005 |
| 2016 | 321,005 |
| 2017 | 80,251 |
| Total | <u>\$722,261</u> |

NOTE 14 – LONG-TERM OBLIGATIONS

The changes in the School District's long-term obligations during the fiscal year 2014 were as follows:

2004 School Facilities Construction and Improvement Bonds

On July 7, 2004, the School District issued \$164,000,000 in voted general obligation bonds. The bond issue included serial and term bonds, in the amounts of \$132,335,000 and \$31,665,000, respectively. The bonds were issued for a 28 year period with final maturity at December 1, 2032. The debt proceeds were used as the School District's local share of school construction under the Ohio School Facilities Commission Accelerated Urban Assistance Program.

The original bond issue consisted of serial and term bonds. \$102,420,000 of the serial bonds and \$31,665,000 of the term bonds were refunded on October 11, 2006.

The serial bonds that mature on or after December 1, 2015, are subject to redemption at the option of the School District, either in whole or in part, in such order as the School District shall determine, on any date on or after December 1, 2014, at the redemption price of 100 percent of the principal amount redeemed, plus accrued interest, to the date fixed for redemption.

2006 School Facilities Construction and Improvement Refunding Bonds

On October 11, 2006, the School District issued \$282,864,897 of general obligation bonds. The bond issue included serial, term and capital appreciation bonds in the amounts of \$214,480,000, \$64,300,000 and \$4,084,897, respectively. The bonds refunded \$156,105,000 of outstanding 2003 School Facilities Construction and Improvement Bonds and \$134,085,000 of outstanding 2004 School Facilities Construction and Improvement Bonds. The bonds were issued for a 26 year period with final maturity at December 1, 2032.

The term bonds were issued at \$64,300,000. The term bonds that mature on December 1, 2032, are subject to mandatory sinking fund redemption on December 1, 2029, and on each December 1 thereafter at 100 percent of the principal amount thereof, plus accrued interest, to the date of redemptions according to the following schedule:

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2029 | \$6,885,000 |
| 2030 | 22,650,000 |
| 2031 | 23,615,000 |
| 2032 | 11,150,000 |

The serial bonds issued at \$214,480,000, and with final maturity dates after December 1, 2016, are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the School District and by lot within a maturity, at the option of the Board of Education on or after December 1, 2016, at the redemption price of 100 percent.

The capital appreciation bonds, issued at \$4,084,897, are not subject to prior redemption. The fiscal year 2014 accretion amount was \$1,177,175. The capital appreciation bonds will mature December 1, 2027, 2028, and 2029 as follows:

| <u>Year</u> | <u>Maturity Amount</u> |
|-------------|----------------------------|
| 2027 | \$21,670,000 |
| 2028 | 21,675,000 |
| 2029 | 15,470,000 |

The above amounts of refunded bonds are defeased and are not reported in the accompanying basic financial statements.

At June 30, 2014, \$282,790,000 of the refunded bonds were outstanding.

2007 School Facilities Construction and Improvement Refunding Bonds

On November 29, 2007, the School District issued \$6,895,000 in general obligation bonds for the purpose of paying off a portion of the July 24, 2007, bond anticipation notes and to advance refund \$6,705,000 of the 2001 Linden Elementary School Construction Bonds. The bond issue included serial and term bonds, in the amount of \$5,065,000 and \$1,830,000, respectively. The bonds were issued for a 21 year period, with final maturity in December 2028.

The term bonds were issued at \$1,830,000. The term bonds that mature on December 1, 2028, are subject to mandatory sinking fund redemption on December 1, 2025, and on each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2025 | \$425,000 |
| 2026 | 445,000 |
| 2027 | 470,000 |
| 2028 | 490,000 |

The serial bonds issued at \$5,065,000 and with final maturity dates after December 1, 2018, are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the School District and by lot within a maturity, at the option of the Board of Education on or after December 1, 2017, at the redemption price of 100 percent.

The above amounts of refunded bonds are defeased and are not reported in the accompanying basic financial statements.

At June 30, 2014, \$5,395,000 of the refunded bonds were outstanding.

2008 School Facilities Construction and Improvement Bonds

On December 9, 2008, the School District issued \$16,999,998 in general obligation bonds for the purpose of paying off the remaining portion of the December 13, 2007, bond anticipation notes. The bond issue included serial, term and capital appreciation bonds, in the amount of \$8,575,000, \$8,005,000, and \$419,998, respectively. The bonds were issued for a 24 year period with final maturity at December 1, 2032.

The term bonds were issued at \$8,005,000. The term bonds that mature on December 1, 2032, are subject to mandatory sinking fund redemption on December 1, 2025, and on each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2025 | \$830,000 |
| 2026 | 875,000 |
| 2027 | 920,000 |
| 2028 | 965,000 |
| 2029 | 1,020,000 |
| 2030 | 1,075,000 |
| 2031 | 1,130,000 |
| 2032 | 1,190,000 |

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The serial bonds issued at \$8,575,000 and with final maturity dates after December 1, 2020, are subject to optional redemption, in whole or in part on any date in order of maturity as determined by the School District and by lot within maturity, at the option of the Board of Education on or after December 1, 2018, at the redemption price of 100 percent.

The capital appreciation bonds, issued at \$419,998, are not subject to prior redemption. The fiscal year 2014 accretion amount was \$77,661. The capital appreciation bonds will mature December 1, 2018 and 2019 as follows:

| <u>Year</u> | <u>Maturity Amount</u> |
|-------------|----------------------------|
| 2018 | \$650,000 |
| 2019 | 650,000 |

2009 School Facilities Construction and Improvement Bonds

On May 20, 2009, the School District issued \$72,890,000 in general obligation bonds for the purpose of paying off the December 2008 and February 2009 bond anticipation notes at their maturity. The bond issue included serial and term bonds, in the amounts of \$41,665,000 and \$31,225,000, respectively. The bonds were issued for a 24 year period with first maturity at December 1, 2011, and final maturity at December 1, 2033.

The term bonds were issued at \$31,225,000. The term bonds that mature on December 1, 2029, are subject to mandatory sinking fund redemption on December 1, 2028, at 100 percent of the principal amount thereof, plus accrued interest. The term bonds that mature on December 1, 2033, are subject to mandatory sinking fund redemption on December 1, 2030, and on each December 1 thereafter at 100 percent of the principal amount thereof, plus accrued interest, to the date of redemptions according to the following schedule:

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2028 | \$4,520,000 |
| 2029 | 4,720,000 |
| 2030 | 4,935,000 |
| 2031 | 5,420,000 |
| 2032 | 5,680,000 |
| 2033 | 5,950,000 |

The serial bonds issued at \$41,665,000 and with final maturity dates after December 1, 2019, are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the School District and by lot within maturity, at the option of the Board of Education on or after June 1, 2019, at the redemption price of 100 percent.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

2009 School Facilities Construction and Improvement Bonds

On September 18, 2009, the School District issued \$41,999,987 in general obligation bonds for the purpose of paying off a portion of the March 2009 bond anticipation notes at their maturity. The bond issue included serial and capital appreciation bonds, in the amounts of \$40,845,000 and \$1,154,987, respectively. The bonds were issued for a 20 year period with first maturity at December 1, 2011, and final maturity at December 1, 2029.

The serial bonds issued at \$40,845,000 and with final maturity dates after December 1, 2020, are subject to optional redemption, in whole or in part on any date in order of maturity as determined by the School District and by lot within maturity, at the option of the Board of Education on or after December 1, 2019, at the redemption price of 100 percent.

The capital appreciation bonds, issued at \$1,154,987, are not subject to prior redemption. The fiscal year 2014 accretion amount was \$96,359. The capital appreciation bonds will mature December 1, 2018, in the amount of \$2,075,000.

2009 School Facilities Construction and Improvement Build America Bonds

On September 18, 2009, the School District issued \$14,970,000 in general obligation term bonds for the purpose of paying off a portion of the March 2009 bond anticipation notes at their maturity. The term bonds were issued for a 24 year period with first maturity on December 1, 2011, and final maturity at December 1, 2033.

The term bonds that mature on December 1, 2033, are subject to mandatory sinking fund redemption on December 1, 2030, at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2030 | \$3,525,000 |
| 2031 | 3,665,000 |
| 2032 | 3,815,000 |
| 2033 | 3,965,000 |

The term bonds that mature on December 1, 2020, and thereafter, are subject to optional redemption, in whole or in part, on any date in any order of maturity as determined by the Board of Education and by lot within a maturity, at the option of the Board of Education on or after December 1, 2019 at par, which is 100 percent of the face value of the bonds.

The term bonds are also subject to extraordinary optional redemption, in whole at any time or in part on any interest payment date, at a redemption price of 100 percent of the principal amount thereof, plus accrued interest, to the date fixed for redemption in the event that the Build America payments from the federal government cease or are in an amount less than 35 percent of the corresponding interest payable on the bonds.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

2009 School Energy Conservation and Improvement Refunding Bonds

On September 18, 2009, the School District issued bonds for the purpose of advance refunding the \$4,470,000 outstanding 2000 Energy Conservation and Improvement Bonds. The bonds were issued for a six year period with first maturity on June 1, 2010, and final maturity on June 1, 2015.

The above amounts of refunded bonds are defeased and are not reported in the accompanying basic financial statements. The balance of the refunded bonds was fully repaid at June 30, 2011.

2011 School Improvement Bonds

On May 1, 2011, the School District issued \$9,865,000 in School Improvement Bonds, Series 2011 (Taxable Qualified School Construction Bonds), for the purpose of paying part of the cost of renovating, remodeling, and improving Stewart Elementary School and acquiring land together with equipment, furnishings, landscaping, and other site improvements. The bonds were issued for a 15 year period. The School District has elected to make annual payments into a sinking fund account with the first payment due on December 1, 2011, and the final payment due on December 1, 2025. On a budgetary basis, the payments to the sinking fund are reflected as debt service principal expenditures. However, on a GAAP basis, the sinking fund balance of \$1,972,995 is reflected on the School District's statements of financial position. The remaining sinking fund payments are as follows:

| <u>Fiscal Year</u> | <u>Sinking Fund Payments</u> |
|------------------------|----------------------------------|
| 2015 | \$657,665 |
| 2016 | 657,665 |
| 2017 | 657,665 |
| 2018 | 657,665 |
| 2019 | 657,665 |
| 2020-2024 | 3,288,325 |
| 2025-2026 | 1,315,355 |
| | <u>\$7,892,005</u> |

The bonds are subject to extraordinary mandatory redemption if the School District fails to expend all of the proceeds of the bonds within the three year period beginning on the date of delivery of the bonds. The bonds are subject to extraordinary mandatory redemption, in whole or in part, at a redemption price equal to 100 percent of the principal amount redeemed, plus any interest accrued to the redemption date.

The bonds are subject to optional redemption, in whole or in part, on any date in any order of maturity as determined by the Board of Education and by lot within a maturity, at the option of the Board of Education on or after December 1, 2020, at par, which is 100 percent of the face value of the bonds.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The bonds are subject to extraordinary optional redemption by the School District prior to maturity, in whole, at any time, or in part on any interest date, at a redemption price of 100 percent, plus interest accrued to date fixed for redemption in the event that the subsidy payments from the federal government cease or are in an amount less than the lesser of (i) the interest payable under such bond or (ii) the amount of interest which would have been payable under such bond if interest were determined at the applicable credit rate determined under Section 54A(b)(3) of the Ohio Revised Code with respect to such bond.

2011 School Facilities Construction and Improvement Bonds

On November 30, 2011, the School District issued \$14,810,000 in general obligation bonds for the purpose of paying off a portion of the December 2010 bond anticipation notes issued for the purpose of paying part of the cost of renovating, remodeling, and acquiring land together with equipment, furnishings, landscaping, and other site improvements. The bond issue included serial and term bonds, in the amounts of \$5,635,000 and \$9,175,000, respectively. The bonds were issued for a 22 year period with first maturity at December 1, 2013, and final maturity at December 1, 2033.

The term bonds were issued at \$9,175,000. The term bonds that mature on December 1, 2033, are subject to mandatory sinking fund redemption on December 1, 2023, and on each December 1 thereafter at 100 percent of the principal amount thereof, plus accrued interest, to the date of redemption according to the following schedule:

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2023 | \$670,000 |
| 2024 | 700,000 |
| 2025 | 735,000 |
| 2026 | 765,000 |
| 2027 | 795,000 |
| 2028 | 830,000 |
| 2029 | 860,000 |
| 2030 | 895,000 |
| 2031 | 935,000 |
| 2032 | 975,000 |
| 2033 | 1,015,000 |

The serial bonds issued at \$5,635,000, and with final maturity dates after December 1, 2022, are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the School District and by lot within maturity, at the option of the Board of Education on or after December 1, 2021, at the redemption price of 100 percent.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

2012 School Facilities Construction and Improvement Refunding Bonds

On April 19, 2012, the School District issued \$11,255,000 of general obligation bonds. The bond issue included serial and term bonds in the amounts of \$9,045,000 and \$2,210,000, respectively. The bonds refunded \$11,360,000 of outstanding 2003 School Facilities Construction and Improvement Bonds. The bonds were issued for a 17 year period with final maturity on December 1, 2028.

The term bonds were issued at \$2,210,000. The term bonds that mature on December 1, 2018, December 1, 2023, and December 1, 2026, are subject to mandatory sinking fund redemption on December 1, 2017, and on each December 1 thereafter at 100 percent of the principal amount thereof, plus accrued interest, to the date of redemptions according to the following schedule:

| <u>Year</u> | <u>Principal Amount to be Redeemed</u> |
|-------------|--|
| 2017 | \$30,000 |
| 2018 | 130,000 |
| 2021 | 60,000 |
| 2022 | 130,000 |
| 2023 | 1,235,000 |
| 2024 | 25,000 |
| 2026 | 600,000 |

The refunding bonds maturing on December 1, 2023, and thereafter (to only include the 2022 and 2023 mandatory sinking fund redemption for the 2023 term bonds) are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the Board of Education and by lot within maturity, at the option of the Board of Education on or after June 1, 2022, at the redemption price of 100 percent.

The above amounts of refunded bonds are defeased and are not reported in the accompanying basic financial statements.

At June 30, 2014, \$9,400,000 of the refunded bonds were outstanding.

2013 General Obligation School Bus Acquisition Bonds

On June 25, 2013, the School District issued \$26,150,000 in general obligation bonds for the purpose of acquiring school buses and other equipment used in transporting pupils. The bonds were issued for a 10 year period with first maturity at December 1, 2014, and final maturity at December 1, 2023.

Principal and interest requirements to retire the School District's outstanding debt at June 30, 2014, are as follows:

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| Fiscal Year Ending June 30, | General Obligation Bonds | | | | | |
|--------------------------------|--------------------------|---------------|---------------|---------------|----------------------------|--------------|
| | Serial Bonds | | Term Bonds | | Capital Appreciation Bonds | |
| | Principal | Interest | Principal | Interest | Principal | Interest |
| 2015 | \$20,280,000 | \$14,728,173 | \$0 | \$6,683,406 | \$0 | \$0 |
| 2016 | 19,820,000 | 13,920,056 | 0 | 6,683,406 | 0 | 0 |
| 2017 | 20,800,000 | 13,065,400 | 0 | 6,683,406 | 0 | 0 |
| 2018 | 21,685,000 | 12,129,156 | 30,000 | 6,683,106 | 0 | 0 |
| 2019 | 20,220,000 | 11,161,833 | 130,000 | 6,681,506 | 1,376,312 | 1,348,688 |
| 2020-2024 | 129,150,000 | 38,831,899 | 2,095,000 | 33,336,157 | 198,673 | 451,327 |
| 2025-2029 | 92,780,000 | 10,225,676 | 24,255,000 | 29,859,606 | 3,149,426 | 40,195,574 |
| 2030-2034 | 3,260,000 | 81,500 | 115,070,000 | 12,925,423 | 935,471 | 14,534,529 |
| Totals | \$327,995,000 | \$114,143,693 | \$141,580,000 | \$109,536,016 | \$5,659,882 | \$56,530,118 |

All general obligation bonds will be retired from the Debt Service Fund with property tax revenues. Compensated absences will be paid from the General Fund, the Food Service, Adult Education, WCBE, Latchkey, Classroom Facilities Maintenance, Auxiliary Services, Public School Preschool, Miscellaneous State Grants, Adult Basic Education, Race to the Top, Special Education Part B – IDEA, Vocational Education, Title I - School Improvement Stimulus A, Title I – School Improvement Stimulus G, Title III – Limited English Proficiency, Title I, Early Childhood Special Education, Improving Teacher Quality – Title II-A, and Miscellaneous Federal Grants Special Revenue Funds, and the Building Capital Projects Fund. The Ohio Bureau of Workers’ Compensation Retrospective Rating Program Claims Payable will be paid from the General Fund.

The School District’s overall legal debt margin was \$371,149,055 with an unvoted debt margin of \$8,972,713 and an Energy Conservation debt margin of \$79,979,417 at June 30, 2014.

As of June 30, 2014, \$28,346,746 of the debt proceeds were unexpended.

NOTE 15 – INTERFUND ACTIVITY

As of June 30, 2014, the Nonmajor Governmental Funds owed the General Fund \$10,901,218. General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receipt of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Transfers made during the fiscal year ended June 30, 2014, were as follows:

| | | Transfers From |
|---------------------|-----------------------------|---------------------------|
| | | <u>General</u> |
| Transfers To | Debt Service | \$1,031,675 |
| | Nonmajor Governmental Funds | <u>643,575</u> |
| | Total | <u><u>\$1,675,250</u></u> |

Transfers of \$1,031,675 and \$643,675 were made from the General Fund to the Debt Service Fund and Nonmajor Governmental Funds to reallocate monies for debt service payments and to support programs accounted for in other funds.

NOTE 16 – SET-ASIDES

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

The following cash basis information identifies the change in the fiscal year-end set-aside amounts for capital acquisitions. Disclosure of this information is required by State statute.

| | <u>Capital Acquisitions</u> |
|---|---------------------------------|
| Set-aside Balance as of June 30, 2013 | \$0 |
| Current Fiscal Year Set-aside Requirement | 8,359,569 |
| Qualifying Disbursements | <u>(19,418,449)</u> |
| Total | <u><u>(\$11,058,880)</u></u> |
| Set-aside Balance as of June 30, 2014 | <u><u>\$0</u></u> |

Although the School District had offsets and qualifying expenditures for capital acquisitions that exceeded the set-aside requirements, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore are not presented as being carried forward to the next fiscal year.

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

NOTE 17 – SIGNIFICANT COMMITMENTS

Contractual Commitments

The School District has been and will continue to undertake a number of new construction projects as part of the Ohio School Facilities Commission Accelerated Urban Assistance Program. The outstanding construction commitments at June 30, 2014, are:

| Contractor | Contract Amount | Amount Expended | Balance at 6/30/14 |
|------------------------------|---------------------|---------------------|-----------------------|
| Miles McClellan Construction | \$10,471,844 | \$8,379,348 | \$2,092,496 |
| Dunlop & Johnston Inc. | 6,990,803 | 6,981,271 | 9,532 |
| Settle Muter Electric | 2,146,998 | 2,143,651 | 3,347 |
| Accurate Electric | 2,424,948 | 2,417,940 | 7,008 |
| HKI Associates, Inc. | 3,401,650 | 2,559,360 | 842,290 |
| EMH&T | 198,705 | 108,012 | 90,693 |
| Design Group | 2,102,862 | 1,428,486 | 674,376 |
| Fanning Howey Associates | 1,092,130 | 382,560 | 709,570 |
| JL Bender | 73,242 | 16,168 | 57,074 |
| K&W Roofing | 54,618 | 50,167 | 4,451 |
| Layton Services Inc. | 231,114 | 143,502 | 87,612 |
| Osborn Engineering | 46,060 | 23,397 | 22,663 |
| Superior Enterprises, LLC | 400,877 | 49,825 | 351,052 |
| Trucco Construction | 1,685,500 | 121,612 | 1,563,888 |
| Stan and Associates | 198,705 | 105,565 | 93,140 |
| Total | <u>\$31,520,056</u> | <u>\$24,910,864</u> | <u>\$6,609,192</u> |

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

| | |
|-----------------------------|---------------------|
| General Fund | \$14,510,495 |
| Building Fund | 11,630,525 |
| Classroom Facilities Fund | 8,927,892 |
| Nonmajor Governmental Funds | 4,879,632 |
| Total | <u>\$39,948,544</u> |

Columbus City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

NOTE 18 – FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented as follows:

| Fund Balances | General | Debt Service | Building | Classroom Facilities | Nonmajor Governmental Funds | Total |
|-------------------------------------|----------------------|---------------------|---------------------|-------------------------|-----------------------------------|----------------------|
| <i>Nonspendable</i> | | | | | | |
| Prepays | \$172,646 | \$0 | \$0 | \$0 | \$0 | \$172,646 |
| Materials and Supplies Inventory | 91,632 | 0 | 0 | 0 | 132,528 | 224,160 |
| Public School Purposes | 0 | 0 | 0 | 0 | 81,360 | 81,360 |
| <i>Total Nonspendable</i> | 264,278 | 0 | 0 | 0 | 213,888 | 478,166 |
| <i>Restricted for</i> | | | | | | |

| <i>Unassigned (Deficit)</i> | 247,455,058 | 0 | 0 | 0 | (395,512) | 247,059,546 |
| <i>Total Fund Balances</i> | \$290,573,129 | \$38,064,766 | \$26,498,716 | \$67,671,262 | \$58,233,877 | \$481,041,750 |

NOTE 19 – CONTINGENCIES

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2014, if applicable, cannot be determined at this time.

Litigation

The School District is party to various legal proceedings for damages or injunctive relief. The School District's legal counsel estimates that the potential uninsured claims against the School District resulting from the proceedings would not materially affect the financial statements of the School District.

NOTE 20 – SUBSEQUENT EVENTS

On August 13, 2014, the School District issued \$14,969,999 in School Facilities Construction and Improvement Refunding Bonds, Series 2014, to refund the School Facilities Construction and Improvement Bonds, Series 2009-B.

On December 10, 2014, the School District issued \$50,340,000 in Various Purpose Refunding Bonds, Series 2014 A, for the purpose of partially refunding the 2007 School Facilities Construction and Improvement Refunding Bonds, the 2008 School Facilities Construction and Improvement Bonds, the 2009 School Facilities Construction and Improvement Bonds Series A, and the 2009 School Facilities Construction and Improvement Bonds Series B.

On December 10, 2014, the School District issued \$98,600,000 in School Facilities Construction and Improvement Refunding Bonds Series 2014 B, for the purpose of partially refunding the School Facilities Construction and Improvement Refunding Bonds Series 2006.

COLUMBUS CITY SCHOOL DISTRICT
COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Columbus City School District

Nonmajor Governmental Fund Descriptions

SPECIAL REVENUE FUNDS

Special Revenue Funds are established to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The following are descriptions of the School District's nonmajor special revenue funds:

Nonmajor Special Revenue Funds

Food Service Fund

To account for and report the proceeds from the sale of lunches and grants restricted to the food service operations of the School District.

Library Donation Fund

To account for and report contributions restricted for specific School District programs.

Adult Education Fund

To account for and report the tuition and grants restricted for adult education classes.

Other Grants Fund

To account for and report local grants restricted to expenditures for specified purposes.

WCBE Fund

To account for and report committed donations for the operations and services provided by the School District's FM radio station.

Latchkey Fund

To account for and report fees restricted for after-school care and instructional services to students whose parents are not at home when the student gets out of school.

Classroom Facilities Maintenance Fund

To account for and report property taxes restricted to expenditures for the maintenance and upkeep of classroom facilities.

District Managed Student Activities Fund

To account for and report program fees restricted for student activity programs which have student participation in the activity, but do not have student management of the programs.

Auxiliary Services Fund

To account for and report restricted State grants for services and materials provided to pupils attending non-public schools within the School District.

(continued)

Columbus City School District

Nonmajor Governmental Fund Descriptions - (continued)

Nonmajor Special Revenue Funds - (continued)

Post Secondary Vocational Education Fund

To account for and report restricted State grants used to provide opportunities for adults to acquire adequate employment skills.

Teacher Development Fund

To account for and report State grants restricted to the development of in-service programs. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

Management Information Systems Fund

To account for and report State grants restricted to hardware and software development or other costs associated with the requirements of the management information system. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

Public School Preschool Fund

To account for and report State grants restricted to preschool programs for 3 and 4-year-olds.

Data Communication Fund

To account for and report State grants restricted to Ohio Educational Computer Network Connections.

Alternative Schools Fund

To account for and report State grants restricted to alternative educational programs for existing and new at-risk and delinquent youth. Programs focus on youth that have been expelled or suspended, have dropped out of school, are at risk of dropping out of school, are habitually truant or disruptive, or are on probation or on parole from a Department of Youth Services facility.

Straight A Fund

To account for and report State grants restricted to collaborating with other school districts to create pathways that combine high school, career tech, college and work-based experiences to produce graduates who are credentialed for a career and/or are well on their way to a college degree.

Miscellaneous State Grants Fund

To account for and report various restricted grants received from State agencies which are not classified elsewhere.

Adult Basic Education Fund

To account for and report federal and State grants restricted to programs in reading, writing, and math competency for adults that do not have a high school diploma.

Columbus City School District

Nonmajor Governmental Fund Descriptions - (continued)

Nonmajor Special Revenue Funds - (continued)

Education Jobs Fund

To account for and report federal grants restricted to saving and creating education jobs, which enables the School District to provide education support for students. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

Race to the Top Fund

To account for and report federal grants restricted to new programs or expansion of existing programs to support initiatives in the following areas: Standards and Assessments; Using Data to Improve Instruction; Great Teachers and Leaders; and Turning Around the Lowest-Achieving Schools.

Special Education Part B – IDEA Fund

To account for and report federal grants restricted to providing an appropriate public education to all children with disabilities.

Vocational Education Fund

To account for and report restricted State grants used for the development of vocational education programs.

Education Stabilization Fund

To account for and report restricted federal grants used to help stabilize State and local budgets in order to minimize and avoid reductions in education and other essential services. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

Title II-D Technology Fund

To account for and report federal grants restricted to professional development and student learning. The grant offers a unique opportunity to schools that are ready and willing to embrace the change that is required for 21st Century learning. Through sustained, collaborative, job-embedded professional development and the use of research-based methods, teachers will experience new models and strategies for teaching and learning. Teachers will become facilitators and co-learners, and create technology-enabled learning environments in which students will meet or exceed the State academic content standards and develop 21st Century skills. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

Title I – School Improvement, Stimulus A Fund

To account for and report federal grants restricted to economically disadvantaged school districts and some of their eligible schools for improving educational outcomes for students who are failing or at risk of failing to meet State standards.

Columbus City School District

Nonmajor Governmental Fund Descriptions - (continued)

Nonmajor Special Revenue Funds - (continued)

Title I – School Improvement, Stimulus G Fund

To account for and report restricted federal grants provided to School District buildings through a competitive process for implementing a school improvement plan that is focused on the specific reasons that caused the building to be identified for school improvement under the No Child Left Behind Act.

Title III – Limited English Proficiency Fund

To account for and report federal grants restricted to elementary and secondary school programs, including activities at the preschool level, to meet the educational needs of children of limited English proficiency.

Transition Program for Refugee Children Fund

To account for and report federal grants restricted to the educational needs of refugee children who are enrolled in public and non-profit private elementary and secondary schools.

Title I Fund

To account for and report federal grants restricted to the special needs of educationally deprived children.

Innovative Programs – Title V Fund

To account for and report federal grants restricted to the reform of elementary and secondary education.

Early Childhood Special Education, IDEA Fund

To account for and report federal grants restricted to Preschool Grant Programs (Section 619 of Public Law 99-457) which address the improvement and expansion of services for handicapped children ages three through five years.

Improving Teacher Quality – Title II-A Fund

To account for and report restricted federal grants used to hire additional classroom teachers in grades one through three, so that the number of students per teacher will be reduced, and to improve teacher quality.

Miscellaneous Federal Grants Fund

To account for and report restricted grants received from the federal government which are not classified elsewhere.

Columbus City School District

Nonmajor Governmental Fund Descriptions - (continued)

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are established to account for and report financial resources that are restricted, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets. The following are descriptions of the School District's nonmajor capital projects funds:

Nonmajor Capital Projects Funds

Permanent Improvement Fund

To account for and report all restricted transactions relating to the acquiring, constructing, or improving facilities within the School District.

Replacement Fund

To account for and report resources assigned to rebuilding, restoration or improvement of school buildings. (This fund did not have any budgetary activity in fiscal year 2014, therefore, budgetary information is not provided.)

School Building Assistance Limited Fund

To account for and report grants restricted to major renovations and repairs of school facilities.

PERMANENT FUND

The Permanent Fund accounts for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the School District's programs, that is, for the benefit of the School District or its citizenry.

Nonmajor Permanent Fund

Endowment Fund

To account for and report restricted contributions and donations which have been set aside as an investment for public school purposes. The income from this fund may be expended, but the principal must remain intact. The funds may be spent for School District purposes.

Columbus City School District

Fiduciary Fund Descriptions

AGENCY FUND

Agency Funds are used to account for assets held by the School District as an agent for individuals, private organizations, other governmental units, and/or other funds.

OHSAA District Agency Fund – This fund accounts for and reports those assets held by the School District as an agent for Ohio High School Athletic Association purposes.

Student Managed Activities Fund

To account for student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer, and faculty advisor.

STATISTICAL SECTION

STATISTICAL TABLES

This part of Columbus City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School District's overall financial health.

| <u>CONTENTS</u> | <u>PAGES</u> |
|--|--------------|
| Financial Trends | 144-157 |
| These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time. | |
| Revenue Capacity | 158-167 |
| These schedules contain information to help the reader assess the School District's most significant local revenue sources. | |
| Debt Capacity | 168-175 |
| These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 177-179 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place. | |
| Operating information | 180-190 |
| These schedules contain service and capital assets data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs. | |

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) Prior to fiscal year 2009, Adult/Continuing and Student Intervention Services program revenues were combined; however, both are presented separately in fiscal years after 2008.

* The large variance from 2007 to 2008 is a result of monies received by the Ohio Department of Education being classified as restricted monies in years prior to 2008. In 2008, these monies were identified as being unrestricted for program revenue purposes and are now presented as general revenues within the School District.

(1) Beginning in fiscal year 2007, the School District reclassified its Enterprise Funds to Special Revenue Funds. Fiscal year 2006 was restated to reflect this change; however, fiscal years prior to 2006 were not restated.

(2) The School District implemented GASB 54 in fiscal year 2011. Fiscal year 2010 was restated to reflect this change; however, fiscal years prior to 2010 were not restated.

* The amount of unreserved, undesignated fund balances reported in capital projects funds increased significantly in fiscal year 2005 due to the issuance of bonds in those fiscal years.

- (1) Beginning in fiscal year 2007, the School District reclassified its Enterprise Funds to Special Revenue Funds. Fiscal year 2006 was restated to reflect this change; however, fiscal years prior to 2006 were not restated.
- (2) Prior to fiscal year 2009, payments received from the county through tax incentive financing agreements were classified as property taxes; however, in fiscal year 2009, such revenues were classified as payments in lieu of taxes revenue.
- (3) Prior to fiscal year 2006, Adult/Continuing and Student Intervention Services expenditures were combined; however, both are presented separately in fiscal years after 2005.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax has been phased out. The assessment percent was 18.75 percent for 2006, 12.5 percent for 2007, 6.25 percent for 2008, and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers, except telephone companies whose last year to pay tangible personal property tax is 2010. The percentages for telecommunications are 10.0 percent for 2009, 5.0 percent for 2010 and zero for 2011.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent rollback, 2 1/2 percent rollback, and homestead exemptions before being billed. The 10 percent rollback for commercial/industrial property was eliminated in 2006.

Source: Ohio Department of Taxation

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue for that year.

Rates may only be raised by obtaining the approval of the voters at a public election.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

(1) The overlapping rates by taxing district are presented for all overlapping governments by type of government and property type. Each corresponding range provides the lowest and highest tax rate for each type of property by government type. All property tax rates for each type of government fall within the ranges presented.

- (1) The 2014 information cannot be presented because all collections have not been made by June 30, 2014.
- (2) Taxes levied and collected are presented on a cash basis because that is the manner that information is maintained by the County Auditor.
- (3) Penalties and interest are included since, by Ohio law, they become part of the tax obligation as assessment occurs.

(1) Percentages were determined by dividing the assessed valuation of the political subdivision located within the boundaries of the School District by the total assessed valuation of the subdivision.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the School District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the School District. This process recognizes that, when considering the School District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken in account. However, this does not imply that every taxpayer is a resident, and therefore, responsible for repaying the debt, of each overlapping government.

(1) The definition of tax valuation for the purpose of calculating the debt margin was modified by H.B. 530, effective 3/30/06, to exclude tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations.

(2) Ohio Bond Law sets a limit of nine percent for voted debt and .10 percent for unvoted debt.

(3) Effective fiscal year 2011, railroad and telephone property valuation and general business tangible personal property valuation revenues were phased out, and are therefore no longer included as an exclusion above.

- (7) School District Food Service Records

Information prior to fiscal year 2006 is not available.

Note: The amounts shown for breakfasts served are shown by eligibility category (free, reduced, full price), which are the amounts used for reimbursement purposes. However, each of the School District's schools participated in the non-pricing breakfast program through the Ohio Department of Education, which means the breakfasts served are counted based on the students' eligibility categories but none of the students are charged for the breakfasts.
