# Destiny and Destiny Discover App.

IPAD Instructions

Destiny App

Connect and maintain your Destiny Library Manager, Textbook Manager and Asset Manager system on the go! The Follett Destiny app is the powerful new tool designed specifically for Destiny administrators and media specialists. No longer will you be tied to your desk or office – with the Follett Destiny app you are provided with quick, easy access to perform circulation functions – right from your iOS device.

Instructions:

- Open the Follett Destiny app
- When it asks for the url, type: https://ccsoh.follettdestiny.com
- Choose your school
- Login with your Destiny credentials
- The app is not intended for students to search the catalog

Destiny Discover

Follett's Destiny Discover app replaces our BryteWave K-12 app and allows you to browse, search and access your school's library resources with ease. Search your library Destiny catalog or Follett eBook and audiobook collection in a single, familiar and easy to use environment.

Instructions:

- Download Destiny Discover App from Google Play or Apple App Store
- Once installed, locate your school
- Log using your Destiny credentials
- **Note:** You can browse the Catalog by clicking **Browse as Guest**.

Google Chrome Extension

Install the Destiny Discover Google Chrome™ extension to see Destiny resources alongside Google search results when you use the Chrome browser to perform a Google search.

Instructions:

- From your Chrome browser, go to the Chrome Web Store, and search for the Destiny Discover extension.
- Click **Add to Chrome**. A pop-up appears. **Add Extension**. A Destiny Discover icon is added to the Google Chrome toolbar.
- Configure the extension to search a specific school in your district by opening your school's Destiny Discover homepage. An easy way to do that is via destinydiscover.com.
- **Note**: To see the school that is currently configured, from the Google Chrome toolbar, click the extension icon.
