

College and Career Ready Literacy

WWW.RPATE@COLUMBUS.K12.OH.US

Welcome to the 4th Quarter of your 9th Grade year. Although we are all a little rattled about the current state of things, we at East High School want to ensure that you are receiving a quality education.

You are enrolled in College and Career Ready Literacy which is a course to help you focus on graduating in four years, literacy and writing skills and setting a goal for yourself. Much of what is done in this class is already online so that should help for a very easy transition.

Make sure that you log into Clever and get on Achieve 3000 at least three times a week. I will check Achieve every day. I will also upload your journal assignments into Google Classroom. These are completed as normal.... once a week, due on Fridays. As well, make sure you are completing CNN10 to keep up with your speaking and listening standard and what is currently happening in the world around you. All assignments are due on Fridays.

Please feel free to email at any time if you have a question or need my assistance.

We are all in this together, stay safe and Go Tigers!
