A Day at CDHS:

A **Senior-Only, one-year program** is being offered at **Columbus Downtown High School**. This program is designed to prepare students to take the State Board Licensing Exam required to become a licensed nail technician.

About Us:

Express your creativity while learning the skills needed to be a successful nail technician. Nail Technology students learn how to perform quality manicures, pedicures, and implement the techniques of artificial nail implementations all in a safe and sanitary manner.

Things You'll Do:

- Discuss nail treatments and services available
- Remove nail polish
- Clean, trim, and file nails
- Reduce calluses and rough skin
- Massage and moisturize hands and feet
- Polish or buff nails
- Advise clients about nail and skin care for hands and feet
- Promote and sell nail and skin care products
- Clean and disinfect their work area and tools

Manicurists and pedicurists work exclusively on the hands and feet, providing treatments to groom fingernails and toenails. A typical treatment involves soaking the clients' hands or feet to soften the skin in order to remove dead skin cells. Manicurists and pedicurists apply lotion to the hands and feet to moisturize the skin. They also may shape and apply polish to artificial fingernails.
