

COLUMBUS CITY SCHOOLS

NOT TOO LATE TO VACCINATE.

Please, don't forget!

It's crucial to stay on schedule with your child's immunizations. As you know, there are several vaccines required for school attendance and you may have been delayed in getting boosters due to the pandemic.

As social distancing measures continue, it's more important than ever not to wait until the last minute to schedule an appointment with your child's healthcare provider.

Contact your child's School Nurse if you have questions about the vaccines needed to meet the State of Ohio school vaccination requirements, or if you need help finding a healthcare provider. You can also contact your family physician or **Columbus City Schools Health Services: 614-365-5824.**
